Docketing Case No.: 08-0918-EL-SSO

Notes:

INDUSTRY:Electric

COMMENT DESCRIPTION:

I don't think AEP should be allowed to increase the price that consumers pay for electric. Times are hard enough for working people and increasing the cost of electric is going to make it worse.

AEP says they are increasing the price because of the price of fuel, but fuel prices are dropping. I don't think that PUCO should approve the increase. People aren't going to be able to afford to pay and they are going to be left in the dark. AEP is not hurting as bad as most working Americans are.
