To Whom It May Concern:
I placed a call today to
P. V. C. O., regarding an adver-
tisement that appeared in the
Manfield News-Journal on
Sept. 22, 2008.

The P. V. C. O. has scheduled
hearings in Case No. 08-935 -EL-
599 in the matter of the application
of Ohio Edison Company (and other
electric utility providers) for
rate increases in customer rates.

I spoke on the telephone
with a very polite operator
named Amanda, who said I
could write this about my

Concern, regarding the increases.
I am a seventy-six (76) year
old widow with social security
as my sole income.

With the increases in auto
insurance, home insurance,
health insurance, gasoline,
groceries, prescriptions, etc.,
how can ANY utility company
with a clear conscience,
ask for a rate increase?
I feel as though high costs
are driving me out of my
home!

Please keep me in mind,
and others like me, when you
hear these companies, regarding
rate increases.

Sincerely,
Betty J. Drannon
