Docketing Case No.: 08-0917-EL-SSO

Notes:

He is against their rate increases (not totally but almost).

He built house in 69. 1200 sq ft - all electric. At that time, they had all-electric rate but that is now gone which caused an increase. Now that he's retired and living on fixed income, they want to increase rates and what he is paying now, would be \$30-50 increase each of three years.

He has \$200 in his personal budget for electric.

Bill will go up to 300 in summer and winter and the company won't give him a better rate.

Advised will add comments to case file. Offered mailing address but customer declined.

Discussed what "reasonable rate of return" means.

Please docket the attached in the case number above.

This is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business.
