Also, please find enclosed for filing a revised table of contents listing the order in which DEO's tariffs should be maintained going forward.

Finally, pursuant to the Opinion and Order in this case, DEO is filing proposed tariffs addressing the low-income pilot program for review by the Commission. As stated in the Opinion and Order, DEO will consult with Staff and the parties to these cases to establish eligibility qualifications for the program and to set the maximum low-usage volume projected to result in the inclusion of 5,000 low-income customers.

Firm Storage Service (FSS)

1. Applicability

Firm Storage Service under this rate schedule is available, subject to the availability of storage capacity, in conjunction with transportation service under Rate Schedules TSS, GTS, and DTS, and in conjunction with East Ohio's Energy Choice, Full Requirements, General and Daily Pooling Services subject to the eligibility requirements for the specific storage services as set forth in Section 5, below. A Customer or pool operator must enter into a written contract with East Ohio for service under this rate schedule for a minimum of 12 months.

2. Character of Service

Gas received by East Ohio for the account of the Customer shall be injected into East Ohio's storage facilities and thereafter shall be available for withdrawal by the Customer in accordance with the provisions set forth in Section 5. East Ohio may decline requests to provide service under this rate schedule whenever, in its judgment, rendering such service would be detrimental to the operation of East Ohio's system or its ability to meet its Core Demand. East Ohio's obligation to inject or withdraw gas on the Customer's behalf on any Day is limited to the Maximum Storage Capacity and Maximum Daily Storage Capacity, if applicable, specified in the contract.

3. Nominations

All receipts and deliveries must be nominated in accordance with the procedures applicable to the transportation or pooling service being provided in conjunction with the Firm Storage Service rendered under this rate schedule.

4. Curtailment

East Ohio shall have the right to restrict, limit, or halt its receipt or delivery of Firm Storage Service whenever, in East Ohio's sole discretion, it is necessary to do so due to Force Majeure or under circumstances requiring East Ohio to act to protect its ability to meet its Core Demand.

5. Types of Firm Storage Services

The Customer may chose from the following storage services:

5.1 Seasonal Service

The Customer may inject gas into East Ohio's storage facilities during the Summer Period and withdraw gas during the Winter Period within the following parameters:

Summer Period Operation. The customer shall nominate injection volumes so as to attain the following storage inventory levels, expressed as a percentage of the Maximum Storage Capacity:

<u>Cumulative Injections as A Percentage of Capacity</u>	<u>Date by Which that Percentage Must Be Attained ("Target Injection Date")</u>
4% to 13%	May 1
20% to 30%	June 1
34% to 44%	July 1
51% to 57%	August 1
65% to 71%	September 1
79% to 85%	October 1
95% to 100%	November 1

Injections nominated above the preceding maximum levels at any Target Injection Date shall be treated as Positive Imbalance Volumes and reconciled pursuant to the applicable general terms and conditions of transportation or pooling service. Injections nominated below the preceding minimum levels at any Target Injection Date shall (1) be treated as Negative Imbalance Volumes and reconciled pursuant to the applicable general terms and conditions of transportation or pooling service, (2) result in an equivalent reduction of the Maximum Storage Capacity, or (3) some combination thereof. The Customer shall make the election among the preceding options so as to eliminate the entire imbalance. If East Ohio encounters operating conditions that dictate daily storage management, daily injections as estimated by East Ohio may be limited to 1/214th of the Maximum Storage Capacity. East Ohio may, at its discretion and on a non-discriminatory basis consistent with operational capabilities, waive the preceding requirements at the Customer's request.

Winter Period Operation. The Customer shall nominate withdrawal volumes so as to attain the following storage inventory levels, expressed as a percentage of the Maximum Storage Capacity:

<u>Date</u>	<u>Required Storage Inventory Level</u>
December 1	92% to 95%
January 1	55% to 65%
February 1	30% to 35%
March 1	12% to 17%

Withdrawals nominated above the preceding maximum levels at any date above shall be treated as Negative Imbalance Volumes and reconciled pursuant to the applicable general terms and conditions of transportation or pooling service. Withdrawals nominated below the preceding minimum levels at any date above shall be treated as Positive Imbalance Volumes and reconciled pursuant to the applicable general terms and conditions of transportation or pooling service. If East Ohio encounters operating

conditions that dictate daily storage management, daily withdrawals as estimated by East Ohio may be limited to 1/151st of the Maximum Storage Capacity. East Ohio may, at its discretion and on a non-discriminatory basis consistent with operational capabilities, waive the preceding requirements at the Customer's request.

The Customer shall nominate volumes for withdrawal so as to completely withdraw its Cumulative Storage Injection Volume by March 31. Any volumes remaining in inventory as of that date may be purchased by East Ohio at its discretion and on a non-discriminatory basis as Positive Imbalance Volumes pursuant to the applicable general terms and conditions of transportation or pooling service and will be subject to all reservation, injection and withdrawal fees in addition to those already payable for the service.

In order to support system operations and maintain system integrity, East Ohio may require Winter Period storage re-injections or withdrawals under an On-System Storage OFO ("Storage OFO") in which it will indicate the required Storage Volume to be injected or withdrawn for the period during which the Storage OFO is in effect.

The rates charged to each Customer electing to purchase this service shall not exceed (1) a reservation fee of \$0.6751 per Mcf times the Maximum Storage Capacity, payable before November 1 each year, and (2) a usage fee of \$0.0849 per Mcf injected and \$0.0839 per Mcf withdrawn. Customers receiving this service shall also be responsible for charges pursuant to East Ohio's Gross Receipts Tax Rider. In no event shall the charges under this Section 5.1 be less than the Variable Cost of Service.

5.2 In/Out Service

Customers purchasing this service may inject gas into East Ohio's storage facilities on any Day and withdraw gas on any subsequent Day, potentially with seasonal limitations on injections and withdrawals if operating conditions so require. East Ohio shall manage the Customer's injection and withdrawal volumes, subject to the daily and annual limitations specified in the contract, in a manner that will minimize any otherwise applicable imbalance charges.

In order to support system operations and maintain system integrity, East Ohio may require Winter Period storage re-injections or withdrawals under an On-System Storage OFO ("Storage OFO") in which it will indicate the required Storage Volume to be injected or withdrawn for the period during which the Storage OFO is in effect.

The rates charged to each Customer electing to purchase this service shall not exceed (1) a reservation fee, payable monthly, of the sum of (a) \$1.9128 per Mcf times the Maximum Daily Storage Capacity specified in the contract and (b) \$0.0419 per Mcf times the Maximum Storage Capacity specified in the contract, and (2) a usage fee of \$0.0225 per Mcf injected or withdrawn. Customers receiving this service shall also be responsible for charges pursuant to East Ohio's Gross Receipts Tax Rider. In no event shall the charges under this Section 5.2 be less than the Variable Cost of Service.

On any Day on which the Customer's Daily Available Volume exceeds the Delivery Volume, gas will not be supplied under this rate schedule.

b. GTS and TSS Customers

The gas supplied by East Ohio under this rate schedule during the Customer's Billing Cycle to Customers receiving transportation service under Rate Schedules TSS or GTS is limited to the Maximum Daily Standby Quantity times thirty (30).

3. Rates and Charges

In no event shall the charges under this rate schedule be less than the Variable Cost of Service, plus a contribution to total company fixed costs. The demand component shall be billed and payable whether or not standby gas is actually delivered to the Customer.

The commodity rate charged for gas supplied hereunder shall be the current cost of gas based on the standard service offer rate as set forth on tariff sheet B-SSO 1.

Positive Imbalance Volumes and those Negative Imbalance Volumes in excess of gas supplied under this rate schedule, as defined in the General Terms and Conditions of Transportation Service, will be reconciled pursuant to Sections 5 and 6, respectively, of those terms and conditions, as set forth on Sheet F-GT&C 6.

SECTION I – SERVICE

1. **Minimum Service Standards.** East Ohio shall comply with the minimum gas service standards for natural gas companies as set forth in Chapter 4901:1-13 of the Ohio Administrative Code, a copy of which may be viewed on the Public Utilities Commission of Ohio's Web site at www.puco.ohio.gov, or obtained from the Public Utilities Commission of Ohio upon request. Where the Public Utilities Commission of Ohio has granted a waiver to East Ohio for any provision of the minimum gas service standards, East Ohio shall comply with the terms of any Order granting such waiver.
2. **Application for Service.** All applications for gas service shall be made to East Ohio. East Ohio may, prior to initiating gas service and at other reasonable times, require the applicant to establish that the applicant is the owner or bona fide lessee of the premise. A proper application for gas service by a non-residential customer shall further include verification that the business, corporation or nonprofit is properly registered with the Ohio Secretary of State as an entity licensed to do business in the State of Ohio and that the name in which the customer's account is to be opened is in the same name as that registered with the Ohio Secretary of State; or, if the non-residential customer is a federally-chartered institution, that it is properly registered with the federal agency having regulatory or supervisory authority over it and that the name in which the customer's account is to be opened is the same name as that registered with the appropriate federal agency.
3. **Security Deposit.** If an applicant for service cannot establish creditworthiness or cannot give a reasonably safe guaranty in an amount sufficient to secure the payment of bills for sixty days' total usage, the proposed customer may be required to deposit with East Ohio an amount sufficient to cover an estimate of the monthly average of the annual consumption by such customer plus 30%, upon which deposit interest at the minimum rate authorized by the Public Utilities Commission of Ohio will be allowed and paid to the customer, provided it remains on deposit for six consecutive months. Security deposits will be billed in three installments to be paid concurrently with the respective monthly bills.

Residential security deposits shall be governed by the "Establishment of Credit for Residential Service" adopted by The Public Utilities Commission of Ohio and contained in Chapter 4901:1-17 of the Ohio Administrative Code, a copy of which is included as Section M of the East Ohio Gas Company Tariff. For small commercial customers, security deposits shall be governed by Rule 4901:1-13-08, "Standards specific to the provision of small commercial gas service" of the Ohio Administrative Code.

East Ohio may discontinue the supply of gas to premises where persons other than East Ohio's authorized agents or employees have turned on the gas.

5. **Service Continuity.** East Ohio will use its best efforts to furnish necessary and adequate service and facilities in compliance with Section 4905.22 of the Ohio Revised Code. East Ohio cannot and does not guarantee a sufficient supply of gas, adequate or uniform gas pressure, an uninterruptible supply of gas, or the quality of the gas supplied. East Ohio shall not be liable for any damage or loss directly or indirectly due or attributable to the insufficiency of the gas supply, any variation in the gas pressure, any partial or total interruption of gas service, or the quality of the gas supply. Nor shall East Ohio be liable for any damage or loss directly or indirectly resulting from the use of gas appliances on the customer's premises, or the presence thereon of any Company property. East Ohio will provide to customers, to the extent possible under the circumstances, prior notice of planned outages or interruptions in service.
6. **Service Disturbance.** No customer shall attach or use any appliance which may result in the injection of air, water, or other foreign matter into the Company's lines and, without prior approval from the Company, no customer shall attach or use any appliance which will increase or decrease the pressure in the Company's lines intermittently to such extent as to interfere with continuous service to other customers.
7. **Access to Premises.** The authorized agents and employees of East Ohio shall at all reasonable times have access to any premises supplied with gas by East Ohio. East Ohio may discontinue gas service to any premise where access is denied. Upon the customer's request, the employee or agent seeking access to the customer's premise shall identify himself/herself, and provide Company photo identification and state the reason for the visit.
8. **Customer's Request for Discontinuance of Service.** The customer shall notify East Ohio before vacating the premises where gas is used or before discontinuing the use of gas. The customer shall be liable for all charges for gas consumed on such premises until the earlier of East Ohio's completion of the service order or up to five business days after such notice has been received, provided that access to the premises shall have been given East Ohio within that period; and if access has not been given within such period then for all charges until such access has been given.

If a customer, who is a property owner or the agent of a property owner, requests disconnection of service and the Company through reasonable efforts has determined that there are remaining residential tenants at the premises, the Company is required to notify the tenants of the disconnection of service. This notification will be mailed to such tenants or posted in a conspicuous place at the premises at least 10 working days prior to the scheduled date for disconnection of service. The property owner, or the agent of the property owner, shall continue to be liable for all gas consumed during the 10-day notice period. This notice provision shall not preclude the Company from taking appropriate actions where safety or tampering issues are raised as stated in Rule 9, subparagraphs (g) and (h), and Rule 10 of these Rules and Regulations.

9. Company's Right to Disconnect Service. East Ohio shall have the right to disconnect service and/or remove from the premises of any customer the meter and any other property belonging to East Ohio for any of the following reasons or purposes:

- a) Refusing access to its equipment for reading, testing, repairs or other purposes.
- b) Violation of or refusal to comply with any applicable law or ordinance, contract, or any of these Rules and Regulations.
- c) Non-payment of bills for gas within the net payment period for such bills, including nonpayment of security deposits applied to delinquent bills as a condition for continued service.
- d) When customer has moved from the customer location.
- e) Use of gas in a manner detrimental to the service to other customers.
- f) Fraudulent representation or practice.
- g) Whenever deemed necessary by East Ohio for the safety or integrity of the gas system or the customer's premise, including, but not limited to, situations in which a customer's houseline leak cannot be isolated to an individual appliance location drop.
- h) Whenever there has been theft or vandalism, including, but not limited to, damage to the gas service meter, metering equipment, or the associated property was damaged, interfered with, displaced, bypassed or otherwise tampered with by a customer, consumer, or other person.
- i) A person not authorized by East Ohio has reconnected service.

Disconnection of service to residential consumers or customers pursuant to Rule 9, subparagraph (a) of these Rules and Regulations shall include, but not be limited to, circumstances where despite its reasonable efforts to do so, East Ohio has been unable to obtain an actual meter reading at least once within any twelve-month period. "Actual meter reading" shall be as defined in Rule 16 of these Rules and Regulations. The reconnection of service after disconnection pursuant to Rule 9, subparagraph (a) of the Rules and Regulations shall be subject to prior payment of a fee of \$33.00 for the disconnection and reconnection costs. Payment of the designated deposit shall also be required in conjunction with a reconnection when service has been disconnected for the nonpayment of bills, where there has been a fraudulent misrepresentation or practice, whenever there is evidence of tampering or theft, or when a person not authorized by East Ohio has reconnected service. Security deposits will be billed in three installments to be paid concurrently with the respective monthly bills.

Disconnection of service to residential consumers or customers shall be governed by the "Termination of Residential Service" adopted by The Public Utilities Commission of Ohio and contained in Chapter 4901:1-18 of the Ohio Administrative Code, except for areas where the Public Utilities Commission of Ohio has granted a waiver to East Ohio for any provision of these rules. A copy of Chapter 4901:1-18 is included as Section L of the East Ohio Gas Company Tariff. For small commercial customers, disconnection of service shall be governed by Rule 4901:1-13-08, "Standards specific to the provision of small commercial gas service" of the Ohio Administrative Code.

SECTION II – METERING & BILLING

- 10. Pressure Regulators, Gas Meters and Tampering.** The gas meter and any pressure regulator to be installed on a service line and connected with East Ohio's distribution system will be furnished by East Ohio and will remain its property, and the Company shall have the right to replace them as the Company may deem necessary. When a customer is served from the Company's field or gathering lines, the customer shall install and maintain, at his expense, a suitable regulator or regulators for reducing the pressure. The regulator or regulators shall be installed in the manner required by the Company. If any meter or regulator, or the pipes, fittings or connections used in supplying gas to such meter or regulator, is tampered with by a customer, his agent or employee, East Ohio may remove such meter or regulator and may discontinue the supply of gas to such customer until payment has been made for all unregistered gas, in an amount estimated by East Ohio, and for all damage to East Ohio's property, or, at East Ohio's option, it may discontinue gas service permanently to such customer.
- 11. Meter Location.** The Company shall determine the location of the meter. When changes in a building or arrangements therein render the meter inaccessible or exposed to hazards, the Company may require the customer, at the customer's expense, to relocate the meter setting together with any portion of the customer's service line necessary to accomplish such relocation.
- 12. Meter Connections.** The owner or customer shall not permit anyone who is not an authorized agent of the Company to connect or disconnect the Company's meters, regulators or gauges or in any way alter or interfere with the Company's meters, regulators or gauges.
- 13. Bill Due Date.** The due date for each bill for gas shall be no earlier than fourteen (14) days after the date of its mailing or electronic delivery to the customer.
- 14. Charge on Delinquent Bills.** Each monthly bill shall be due and payable within fourteen (14) days from the date of its mailing or electronic delivery. If not paid in full within such fourteen (14) day period, a late payment charge of 1 1/2% may be imposed at the next bill date on all past due balances on the customer's account.

Late payment charges will not be assessed to customers participating in the Percentage Income Payment Plan ("PIPP") or the PIPP arrearage crediting program. Late payment charges will not be assessed to customers participating in a short-term payment plan or the budget billing plan provided they make the minimum payment required under the plan by the bill due date. If the required payment under a short-term payment plan or budget billing plan is paid late, the late payment charge will be applied only to amounts due but not paid under the payment plan.

The preceding late payment charge provisions will not take effect until 180 days after the effective date of these Rules and Regulations. Until that time, previously approved late payment charge provisions will remain in place.

15. **Billing Periods.** Bills ordinarily are rendered regularly at monthly intervals, but may be rendered more or less frequently at the Company's option. Non-receipt of bills by customer does not release or diminish the obligation of customer with respect to payment thereof. Unless otherwise ordered by the Commission, rate changes shall become effective for bills rendered as of the start of a billing cycle within the monthly billing period as determined by the Company.
16. **Payment of Bills.** Bills may be paid by the customer in any of the following ways:
- a) online at www.dom.com or through other providers' Web sites,
 - b) by bank draft automated withdrawal from customer's bank account,
 - c) by credit/debit card or electronic check through a participating agency,
 - d) at any one of the Company's authorized payment locations,
 - e) by U.S. mail at the address specified on the bill,
 - f) by Electronic Data Interchange (EDI),
 - g) by Automated Clearing House (ACH) transfer.
17. **Returned Payment Fee.** The customer will be charged a handling fee of \$12 for each returned item tendered or authorized as payment on the customer's account and returned for any reason, including insufficient or uncollected funds, closed account, revoked authorization or stop payment.
18. **Meter Reading.** East Ohio will make reasonable attempts to obtain an actual meter reading by Company personnel or agents every other month. If East Ohio is unable to obtain an actual meter reading, it will render a bill based on estimated usage at the premise. East Ohio is required to obtain an actual meter reading at least once within each twelve-month period. "Actual meter reading" shall mean reading of an indoor or outdoor meter by an authorized agent or employee of Dominion East Ohio or through electronic or other means acceptable to the Commission. East Ohio will obtain an actual meter reading at the initiation and/or the termination of service if the meter has not been read within the immediately preceding seventy days and access to the meter is provided, or at the request of the customer if the meter has been read within the preceding seventy days.
- If the customer has refused East Ohio access to its meter or other property, or if East Ohio has been unable to obtain an actual meter reading at least once within any twelve-month period, East Ohio may terminate service in accordance with Rule 9 of these Rules and Regulations. East Ohio may obtain a court order to gain access to its meter or other property.
- If consumption is billed pursuant to an applicant requesting East Ohio to provide lighting services on an unmetered basis, such service shall be billed on an estimated basis.
19. **Meter Testing.** In accordance with Section 4933.09 of the Ohio Revised Code, gas meters in use shall be tested on the request of the customer, in his presence if desired by him, with a tested and sealed meter-prover, by an authorized employee or agent of East Ohio. If the

meter is found to be correct, and it is deemed correct if the variation is not greater than three percent, the party requesting the inspection shall pay a fee for the removal of the meter for the purpose of the test. The fee for a residential or small commercial customer using a 250 or 400 class diaphragm meter is \$40; for all other customers, the fee is \$270. If the meter is proved incorrect, no fees or expense shall be paid by the customer, and East Ohio shall furnish a new meter without charge to the customer.

20. Back Billing. East Ohio shall back bill in accordance with the guidelines established by the Public Utilities Commission of Ohio and the Ohio legislature (Section 4933.28 of the Ohio Revised Code and Rule 4901:1-13-04 of the Ohio Administrative Code).

21. Delinquent Balance Transfer.

- a) Except as otherwise provided in subparagraph b., East Ohio shall have the right to transfer a delinquent commercial or industrial account balance, regardless of the service address, to another commercial or industrial account in the name of or owned by the same customer or owner of that business or establishment.

For purposes of this Rule 22, "customer" means the party in whose name the account is carried.

- b) East Ohio may not transfer a delinquent commercial/industrial account to any residential account.

22. Investigation Fee. Whenever the gas service meter, metering equipment, or associated property was damaged, interfered with, displaced, bypassed or otherwise tampered with by a customer, consumer or other person, or when a person not authorized by East Ohio has reconnected service, and an East Ohio Service Investigator has been dispatched to investigate the matter prior to disconnection, the customer shall pay an Investigation Fee of \$112 prior to reconnection in addition to other required reconnection charges. The Investigation Fee will only be levied in those circumstances where East Ohio has reasonable proof of the customer's fraudulent or damaging practice. Reasonable proof is defined as an admission by the customer, documentation evidencing the fraudulent or damaging practice, or personal observation by East Ohio personnel or authorized agents of East Ohio.

SECTION III- SERVICE LINES & MAINLINE EXTENSIONS

23. **Service Line Installation.** In the installation of a service line, East Ohio will be responsible for all necessary connections with its distribution system and the extension of the service line from the distribution main to the meter without cost to the property owner or customer.
24. **Service Line Responsibilities.** Unless and until East Ohio repairs or replaces an existing service line, the service line from the curb valve to the meter, or where there is no curb valve then from and including the tie-in coupling to the meter, shall be the property of the owner of the premises and shall be under the property owner's exclusive control, and East Ohio shall not be liable for any imperfections therein or for any damage, injury or loss resulting, directly or indirectly, from the escape of gas therefrom. East Ohio shall be responsible for these facilities in accordance with the applicable provisions of the Pipeline Safety Act, 49 U.S.C. 60101 et seq., 49 C.F.R. part 192 and all applicable federal regulations, and Chapter 4901:1-16 of the Ohio Administrative Code. Such responsibilities shall include, but not be limited to, East Ohio's responsibilities for cathodic protection and leak detection of the service line up to and including the meter. East Ohio shall bear the cost of repairs or replacements to the service line and shall assume ownership of and responsibility for the service line whenever it is separated from the distribution main and a pressure test is required before the line can be returned to service. In the event a service line must be repaired or replaced as the result of damage to the service line caused by the property owner, customer or another party, East Ohio will repair or replace the service line at the expense of the property owner, customer or other party. Damages caused by a contractor working on behalf of a party shall be deemed to be the responsibility of that party. All gas lines on the outlet side of the meter and all associated fittings and connections shall at all times be the property of the owner of the premises and shall be under the property owner's exclusive control, and East Ohio shall not be liable for any imperfections therein or for any damage, injury or loss resulting, directly or indirectly, from the escape of gas therefrom.
25. **Installation and Inspection.** Before applying to East Ohio to turn on gas, it shall be the duty of the applicant to see that the gas lines on the outlet side of the meter and all associated fittings and connections and all gas appliances and equipment connected thereto have been installed and tested and are maintained in accordance with applicable governmental codes and regulations including, but not limited to, the International Fuel Gas Code and with the reasonable requirements of East Ohio and are free of leaks. East Ohio shall comply with Rule 4901:1-13-05 of the Ohio Administrative Code with respect to testing gas piping downstream of the meter.
26. **Service Line Extensions Prohibited.** No service line supplying gas to any building shall be extended by the owner or customer so as to furnish gas to any other building.
27. **House Piping.** The customer shall install and maintain, at the customer's expense, the house piping from the outlet of the meter to gas burning appliances.

- 28. Appliances.** The customer shall install and maintain all appliances, at the customer's expense.
- 29. Inspections of Altered Piping.** It shall be the duty of the customer to notify the Company promptly of any additions, changes, alterations, remodeling or reconstruction affecting gas piping on the customer's premises.
- 30. Extension of Distribution Mains.** East Ohio will extend its distribution mains for the furnishing of natural gas on any dedicated street or highway without cost to the residential customer whenever at least one such customer on an average of each 100 additional feet of pipe in the street or highway in which the extension is to be run shall first agree to take a supply of gas at the applicable rate, measurement to be taken from the end of the nearest distribution main that has the capacity to serve the customer(s). Upon application for a service extension of main in excess of an average of 100 feet for each applicant for such service, East Ohio may enter into an extension agreement with the applicant or applicants providing for a deposit with East Ohio of a sum deemed adequate by East Ohio to cover the cost to be incurred by it for the excess of the extension over the average of 100 feet for each applicant to be served. Each applicant shall have the option of making such payment in the form of a one-time deposit or a monthly payment to be billed to the applicant and/or subsequent customer(s) at the same premises for a period of seven years or until the cost of the mainline extension is included in East Ohio's rates and charges for service, whichever comes first. If the applicant chooses to make the payment in the form of a one-time deposit, such deposit shall be refunded within a period of 10 years from the date of the agreement at a rate per each additional residential customer thereafter connected with said extension, equivalent to the rate per 100 feet deposited, the total amount refunded not to exceed the amount deposited. No refund shall be made after 10 years from the date of the extension agreement and such deposit shall, after such period, become the property of East Ohio. Extension deposits shall bear no interest. East Ohio shall apply the preceding terms to home builders and residential developers on the basis of anticipated residential customers, and, as a result, the deposit refund provisions are not applicable in such instances. Extensions of street and highway mains shall at all times be the property of East Ohio. Mainline extensions that are not installed in road right of way, or adjacent thereto, will be made only if the following guidelines are met:
- a) A minimum 20 foot legally described easement or blanket right of way is made and granted, provided, however, that all gas mainlines with a maximum allowable operating pressure at or above 100 psi must have a minimum 30 foot easement.
 - b) Free and clear access to the gas mainline is maintained with no structures permitted on the easement.

East Ohio shall not be required to lay any service lines across paved streets or highways. East Ohio shall not be required to make any extensions of its mains or to lay any service lines during the months of December, January, February and March of any year.

Nothing contained herein shall be construed to prohibit East Ohio from making longer free extensions than herein prescribed provided like free extensions are made to other applicants under similar conditions.

31. **Right of Removal.** No person or entity shall erect any structure within a Company easement or change the existing grade over a Company gas line without the express permission of East Ohio. East Ohio shall have the right to remove any such structure or grade change at the expense of the customer or responsible party.
32. **Discontinuance of Supply on Notice of Defect in Customer's Property.** If, at any time, in the opinion of East Ohio the property owner's service line, other gas lines, fittings, connections, gas appliances or equipment on a customer's premises are defective or in such condition as to constitute a hazard, East Ohio, upon notice to it of such defect or condition, may discontinue the supply of gas to such appliances or equipment or to such service line or such other gas lines until such defect or condition has been rectified by the property owner or customer in a manner satisfactory to East Ohio.

SECTION IV – MISCELLANEOUS

33. **Tariff Disclosure.** A full and complete copy of East Ohio's current tariff covering rates and charges for service and terms and conditions of service will be available on www.dom.com or will be provided upon request within five business days. East Ohio shall comply with the tariff disclosure requirements established by The Public Utilities Commission of Ohio and set forth in Section 4901:1-1-03 of the Ohio Administrative Code, as amended from time to time.
34. **PUCO Orders.** These Rules and Regulations are subject to and include as part thereof all orders, rules and regulations applicable to East Ohio from time to time issued or established by the Public Utilities Commission of Ohio under its emergency powers.
35. **Right to Modify.** East Ohio reserves the right to modify, alter or amend the foregoing Rules and Regulations and to make such further and other rules and regulations as experience may suggest and as East Ohio may deem necessary or convenient in the conduct of its business.

General Terms and Conditions of Transportation Service

1. Sources of Supply

- 1.1 Customers may receive gas supplies delivered to East Ohio from Upstream Pipelines and/or Production Receipts Points.

2. Authorized Daily Volume

- 2.1 Customer's Authorized Daily Volume on any Day consists of the sum of Customer's Daily Available Volume plus any additional volumes that East Ohio authorizes Customer to use on that Day. Delivery of Customer's Authorized Daily Volume is firm, except as provided in this Section 2.1. Such deliveries, however, shall be subject to interruption or curtailment based on the failure of an Upstream Pipeline to deliver Transportation Volumes, the failure of the Customer or its Supplier to deliver Production Volumes, Force Majeure conditions, or an order of the PUCO or other governmental body. The Customer and East Ohio shall use their best efforts to minimize such interruption or curtailment within the limitations of applicable law, regulations, and orders of any governmental authority. Customer, or a Supplier on Customer's behalf, must submit a valid nomination of supply that reasonably reflects Customer's anticipated usage. Consumption at Customer's facility in excess of the Authorized Daily Volume is interruptible service, and upon notice to Customer, East Ohio may interrupt service or require Customer to reduce consumption to Customer's Authorized Daily Volume whenever East Ohio deems it necessary to do so. East Ohio may, at its option, require such reductions in consumption by DTS Customers prior to imposing similar reductions on TSS or GTS Customers.
- 2.2 In the event Delivery Volumes are in excess of the Authorized Daily Volume on any day on which East Ohio requires Customer to limit gas consumption to that Authorized Daily Volume, Customer shall be liable for all gas costs, transportation costs, penalties, and fines incurred by East Ohio as a result of Customer's deliveries in excess of its Authorized Daily Volume.

3. Electronic Bulletin Board

- 3.1 All Customers and/or their authorized agents will have access to East Ohio's EBB. The EBB will provide, at a minimum, for the electronic nomination and confirmation of Customer's Production Volumes and Transportation Volumes, information concerning Customer's Delivery Volumes and imbalances and other information and critical postings.

4. Volume Banking Service

- 4.1 Under the Volume Banking Service, East Ohio will reconcile in subsequent Customer Billing Cycles, on a volumetric basis, any Positive Imbalance Volumes previously incurred.

General Terms and Conditions of Transportation Service

- 4.2 Customers must subscribe to the Volume Banking Service set forth in Rate Schedules TSS, GTS, and DTS to be eligible for the provisions of Volume Banking Service. The service is optional for all DTS transportation Customers; a minimum Monthly Tolerance Level is specified in Rate Schedules TSS, and GTS. Customers must execute new or amended contracts reflecting their desired Monthly Tolerance Level. If Customer does not elect a specific percentage for a Monthly Tolerance Level, East Ohio will utilize ten percent (10%) for TSS, and GTS Customers and zero percent (0%) for DTS Customers.

5. Positive Imbalance Volumes

- 5.1 Unless Customer and East Ohio otherwise agree, East Ohio will purchase Customer's Positive Imbalance Volumes, in excess of Customer's Monthly Tolerance Level, at a rate determined by adding the current month's Positive Imbalance Volume reference gas cost, the minimum of the daily midpoints of common price spreads for gas entering Dominion South Point during the month as published in *Platt's Gas Daily* (The McGraw-Hill Companies, Inc.), or an appropriate successor index should it cease to be published, times eighty percent (80%), plus the variable transportation charges paid to bring the gas to East Ohio's system, adjusted for shrinkage.
- 5.2 Positive Imbalance Volumes within Customer's Monthly Tolerance Level shall be available for delivery to the Customer during non-OFO periods in the Customer Billing Cycle following the determination of the Positive Imbalance Volume (the "Adjustment Month"), by increasing the Customer's Daily Available Volume on each Day in the Adjustment Month by an amount equal to the Positive Imbalance Volume divided by the number of days in the Adjustment Month.

6. Negative Imbalance Volumes

- 6.1 East Ohio will sell gas to Customer to eliminate Negative Imbalance Volumes at a rate determined by adding the current month's Negative Imbalance Volume reference gas cost, the maximum of the daily midpoints of common price spreads for gas entering Dominion South Point during the month as published in *Platt's Gas Daily* (The McGraw-Hill Companies, Inc.), or an appropriate successor index should it cease to be published, times one hundred and twenty percent (120%), plus the 100% load factor firm transportation charges to transport gas on Dominion Transmission, Inc. ("DTI") to East Ohio's interconnections with DTI, plus excise tax, adjusted for shrinkage. Charges for Negative Imbalance Volumes attributable to the Customer's failure to comply with operational flow orders or operational matching orders will be based on the provisions of Section 13. If the Customer's Negative Imbalance Volumes exceed 25% of all daily volumes delivered to the Customer during the Customer's Billing Cycle over two or more consecutive months, East Ohio may at its sole discretion in accordance with reasonable and standard industry practice, terminate the contract for transportation service upon thirty (30) days written notice to the Customer and commence rendering

General Terms and Conditions of Transportation Service

sales service pursuant to the applicable rate schedule upon termination of the contract for transportation service.

7. Transportation Receipt Points

- 7.1 All Transportation Volumes will be measured at Transportation Receipt Points in accordance with the terms of East Ohio's agreement with the Upstream Pipeline and shall be conclusive for purposes of these tariffs.
- 7.2 When Transportation Volumes are received by East Ohio on an MMBtu basis, East Ohio will make a heat content adjustment in order to convert Customer's Transportation Volumes to an Mcf basis. For each calendar year, East Ohio will calculate the weighted average heat content of all gas delivered to East Ohio by Upstream Pipelines during this period. This Heat Content Adjustment Factor, expressed as MMBtu per Mcf, will be used to adjust all Transportation Volumes received during the following twelve (12) month period commencing on April 1, unless East Ohio and Customer agree in writing to an alternative Heat Content Adjustment Factor. If such a review indicates that area or point-specific Heat Content Adjustment Factors are required, East Ohio may implement them after review by the PUCO staff.
- 7.3 Transportation Volumes received by East Ohio at Transportation Receipt Points shall conform to Upstream Pipeline's gas quality standards, unless such standards have not been filed with, and approved by, either the FERC or the PUCO, in which case Transportation Volumes must conform to the gas quality standards of East Ohio in effect at the time.
- 7.4 East Ohio shall use its best efforts to receive Transportation Volumes for Customer's account, unless Customer has made an election pursuant to Section 9 of these General Terms and Conditions.

8. Nomination of Transportation Volumes

- 8.1 All Transportation Volumes received for Customer's account at Transportation Receipt Points shall be nominated to East Ohio in advance according to the procedures outlined in this Section and in East Ohio's EBB.
- 8.2 Nominations must conform, in content and format, with East Ohio's specifications for Transportation Volume nominations, which shall include, at a minimum: Customer's East Ohio contract number; Upstream Pipeline; Upstream Pipeline contract number; and requested daily Transportation Volume.
- 8.3 East Ohio will either confirm, in total or in part, or reject Customer's Transportation Volume nomination based upon East Ohio's operating conditions, the limits and requirements of East Ohio's system and facilities, previously confirmed nominations and timely confirmation by Upstream Pipelines. Confirmed Transportation Volumes

General Terms and Conditions of Transportation Service

will be posted on East Ohio's EBB. In order to support system operations, maintain system integrity, and minimize Positive or Negative Imbalance Volumes, East Ohio may request Customer to nominate and deliver Transportation Volumes to designated Transportation Receipt Points. Such requests shall be posted in advance on East Ohio's EBB. If, in East Ohio's sole discretion, voluntary compliance by Customers and Suppliers fails to correct operational deficiencies, East Ohio may exercise its authority under Paragraph 13.1 to issue Supplier-specific and/or system-wide OFOs.

- 8.4 Confirmed nominations will become effective on the date specified in the Customer's nomination and will remain in force until the last day of the current calendar month, subject to continued receipt by East Ohio from Upstream Pipeline of the confirmed volume, unless superseded by a subsequent Transportation Volume nomination.
- 8.5 Nominations made in accordance with this Section do not relieve Customer of the obligation to submit corresponding nominations for service with an Upstream Pipeline.

9. Firm Receipt Point Option

- 9.1 The Customer may elect to designate specific Transportation Receipt Points as firm receipt points. Each such firm receipt point, and the corresponding maximum daily transportation quantity for each such firm receipt point, shall be specified in the contract.
- 9.2 Access to any receipt points on East Ohio's system, as to which an election pursuant to Section 9.1 above has not been made, shall be on a best efforts basis.
- 9.3 A Customer making an election pursuant to Section 9.1, above, shall be assessed a firm receipt point surcharge; the actual amount of the surcharge shall be determined through competitive bidding with minimum bid amounts to be determined by East Ohio.

10. Production Receipt Points

- 10.1 The unit of measurement for Production Volumes shall be one (1) cubic foot of gas, and the term "cubic foot of gas" shall mean a cubic foot of gas at a pressure of 14.73 PSIA and at a temperature of 60 degrees Fahrenheit. For purposes of measurement and meter calibration, atmospheric pressure shall be assumed to be 14.4 pounds per square inch. All gas delivered to East Ohio by the Customer or its Supplier shall be measured by orifice, rotary or other measurement facilities constructed, installed and operated in accordance with standard industry practices and East Ohio's requirements for such facilities, except where superceded by a Measurement Operating Agreement. The volumes of gas delivered to East Ohio shall be computed from meter records and converted into the unit of measurement specified above in accordance with reasonable and standard industry practices. Correction shall not be made for deviation from the Ideal Gas Laws. In the absence of a recording thermometer, an assumed flowing temperature of 60 degrees Fahrenheit shall be

General Terms and Conditions of Transportation Service

used in computing said quantities of gas; provided, however, that if the temperature of the natural gas passing through the meter is determined for any Day by the use of a recording thermometer, then the arithmetic average of the temperature recorded for such Day shall be used.

- 10.2 The Production Volume delivered to East Ohio shall be delivered in its natural state, have a gross heating value of not less than 1,000 British thermal units per cubic foot at 14.73 PSIA, 60 degrees Fahrenheit and must conform with East Ohio's gas quality standards in effect at the time. East Ohio reserves the right to accept gas of non-standard specification on a non-discriminatory basis pursuant to an agreement setting forth applicable terms, conditions and charges, if applicable, provided the acceptance of such gas does not adversely impact East Ohio's operations or service to customers.
- 10.3 If at any time the delivery by the Customer or its Supplier at the Production Receipt Point(s) specified by the Customer or its Supplier and accepted by East Ohio shall be less than an average of ten thousand cubic feet per Day, then East Ohio, at its sole option, may require the gas behind any such meter(s) to be measured pursuant to a Measurement Operating Agreement, by giving the Customer or its Supplier thirty (30) days' prior written notice.
- 10.4 The Production Receipt Points for Production Volumes from physical meters specified by the Customer or its Supplier and accepted by East Ohio shall be at measuring stations constructed to East Ohio's standards, where the measurement and regulation equipment will be operated and maintained by East Ohio, except where superceded by a Measurement Operating Agreement. The measuring station will be located at such points as East Ohio and the Customer or its Supplier shall agree, on East Ohio's lines as now constructed or on any extensions thereof that East Ohio may hereafter construct. The sites for said measuring stations may be furnished by East Ohio, or, if furnished by the Customer or its Supplier, shall provide rights of ingress and egress to East Ohio. In the event the Customer or its Supplier wishes to change any Production Receipt Points, the Customer or its Supplier shall reimburse East Ohio in advance for East Ohio's costs in connection with the change. The Customer or its Supplier shall be directly responsible for all other costs associated with the change. Measuring stations on East Ohio's lines existing as of the effective date of these terms and conditions and owned by the Customer, its Supplier or any other person, shall, subject to the approval of East Ohio, also be designated as Production Receipt Points, where the measurement and regulation equipment will be operated and maintained by East Ohio, except where superceded by a Measurement Operating Agreement.
- 10.5 The Customer or its Supplier may aggregate Production Volumes as measured by third parties at measuring stations furnished, constructed, owned, operated and maintained by third parties. Detailed information concerning such aggregated

General Terms and Conditions of Transportation Service

Production Volumes shall be reported by the Customer or its Suppliers to East Ohio in a timely manner in accordance with reasonable and standard industry practice.

- 10.6 The Customer or its Supplier shall be responsible for the construction of any necessary pipeline extending from the wells to the Production Receipt Points agreed upon. The Customer or its Supplier, at their expense, shall construct any required measuring stations in accordance with East Ohio's standards. All new pipelines that connect wells specified by the Customer or its Supplier with East Ohio's measuring stations shall be owned and constructed by the Customer or its Supplier.
- 10.7 Unless otherwise agreed to by East Ohio and Customer or its Supplier, prior to construction of Production Receipt Point, East Ohio and the Customer or its Supplier shall enter into an agreement identifying cost, construction and ownership responsibilities of all parties.
- 10.8 Production Volumes received by East Ohio at Production Receipt Points specified by the Customer or its Supplier and accepted by East Ohio shall be taken by East Ohio on a best efforts basis at all times at full flow against the varying pressures maintained from time to time in East Ohio's pipelines. East Ohio at any time may suspend the taking of gas hereunder while making repairs or alterations in its facilities or when East Ohio deems it to be operationally necessary in accordance with reasonable and standard industry practice. When practicable East Ohio shall notify the Customer or its Supplier in advance of its plans to suspend the taking of gas, giving its best estimate of the duration of the suspension. Such repairs and alterations shall be completed with reasonable speed, unavoidable delays excepted. During periods when East Ohio must suspend the taking of gas, East Ohio shall not be required to accept Production Volumes from meters. Subject to the foregoing, the Customer or its Supplier may submit a request in writing to East Ohio for approval to install equipment to compress and pump the gas to be delivered to East Ohio hereunder at the existing delivery point or at an alternative delivery point. If the Customer or its Supplier compresses and pumps gas into East Ohio's system, the Customer or its Supplier shall install and maintain at its own expense the necessary equipment for the elimination or suppression of pulsation in the flowing gas that is created by compression equipment.
- 10.9 The capacity of East Ohio's facilities to receive Production Volumes at the Production Receipt Points shall be determined by East Ohio in its sole judgment, in accordance with reasonable and standard industry practice. East Ohio shall have the right to restrict, limit or halt its receipt of Production Volumes whenever, in its sole judgment, in accordance with reasonable and standard industry practice, it is necessary to do so due to Force Majeure, an order of the PUCO or other governmental body, or circumstances requiring East Ohio to act to protect its ability to meet its Core Demand. In the event East Ohio exercises its right to restrict, limit, or halt its receipt of Production Volumes, it shall give the Customer or its Supplier notice by telephone, letter, or otherwise to decrease or terminate deliveries of

General Terms and Conditions of Transportation Service

Production Volumes to East Ohio until such time as, in East Ohio's sole judgment, in accordance with reasonable and standard industry practice, deliveries may be increased or resumed. If the Customer or its Supplier fails to act promptly in accordance with such notice, East Ohio shall have the right to shut in Production Receipt Points or otherwise refuse to accept further Production Volumes at the Production Receipt Points.

- 10.10 The Customer or its Supplier shall install and maintain at the Customer's or its Supplier's own expense, the necessary equipment for separating and removing oil, water, water vapor, salt, dust, and other foreign substances from Production Volumes upstream of the Production Receipt Points. The gas delivered to East Ohio at the Production Receipt Points shall be free from all foreign matter or fluid contamination that could interfere with its marketability or interfere with the operation of East Ohio's lines, regulators, meters, or other appliances connected with East Ohio's system. East Ohio may refuse at any time any Production Volumes that contain contamination or objectionable odors or otherwise do not meet East Ohio's gas quality standards in effect at the time. East Ohio may bill the Customer or its Supplier for any and all costs associated with removing oil, water, water vapor, salt, dust and other foreign substances erroneously delivered into East Ohio's system.
- 10.11 East Ohio shall furnish, install, and maintain all meters and gauges at the Production Receipt Points, except where superceded by a Measurement Operating Agreement. East Ohio shall read the meters, which shall be accessible to inspection and examination by the Customer or its Supplier at all reasonable times. If either party challenges the accuracy of any meter in use under the contract and desires to have the meter tested, East Ohio shall test the meter in the presence of a Customer or Supplier employee or representative, if the Customer or its Supplier wishes to exercise the right to be present or to be represented at such test. The cost of testing the meter shall be borne by the party challenging its accuracy if it proves to be correct, and it shall be deemed correct if there be no greater variation than three percent (3%), either fast or slow. If the meter on test proves to be incorrect, the cost of testing the meter shall be borne by East Ohio. Any adjustment for errors in the meter shall be made for a period not to exceed twelve months prior to the date of challenge by either party. The statements of meter measurement and estimated deliveries rendered by East Ohio to the Customer or its Supplier monthly shall be final, excepting as to corrections or adjustments then pending or subsequently determined by East Ohio, unless exceptions to the statements are made and mailed to East Ohio within sixty (60) days after the Customer or its Supplier receives the statements. Corrections or adjustments shall be made by adjusting volumes in the first measurement period following their determination.

11. Nomination of Production Volumes

General Terms and Conditions of Transportation Service

- 11.1 All Production Volumes received for Customer's account at Production Receipt Points shall be nominated to East Ohio in advance according to the procedures outlined in this Section and in East Ohio's EBB.
- 11.2 Nominations must conform, in content and format, with East Ohio's specifications for Production Volume nominations, which shall include, at a minimum: Customer's East Ohio contract number and requested daily Production Volume.
- 11.3 Subject to the limits of East Ohio's operating conditions and facilities, and the reasonableness of Customer's nomination as determined solely by East Ohio, East Ohio will either confirm, in total or in part, or reject Customer's Production Volume nomination. Confirmed Production Volumes will be posted on East Ohio's EBB.
- 11.4 Confirmed nominations will become effective on the date specified in the Customer's nomination and will remain in force until the last day of the current calendar month, unless superseded by a subsequent Production Volume nomination.

12. Reconciliation of Production Volumes

- 12.1 Confirmed Production Volume nominations will be credited to Customer's account on the date specified in the Customer's nomination. When actual Production Volumes are known, any discrepancies between actual and confirmed Production Volumes will be reconciled, in the first full billing cycle following the determination of actual Production Volumes, in accordance with the provisions of Sections 5 and 6 hereunder.

13. Operational Flow Orders

- 13.1 In order to support system operations and maintain system integrity, Customers are subject to East Ohio's issuance of operational flow orders ("OFO") which may direct Customers to adjust Daily Available Volumes as adjusted to reflect flowing supplies to match Delivery Volumes as determined by East Ohio. East Ohio may also issue OFOs that direct Customers to deliver specific quantities of gas to specific Transportation Receipt Points. Failure to comply with an operational flow order may result in the billing of the following incremental charges times the OFO shortfall which is defined as the imbalance between Daily Available Volumes and Delivery Volumes, as determined by East Ohio, on those Days subject to the OFO:

(A) the payment of a gas cost equal to the highest incremental cost paid by East Ohio on the date of non-compliance; and

(B) demand charges based on the Dominion Transmission, Inc. FTNN rate schedule pursuant to the following schedule:

General Terms and Conditions of Transportation Service

Number of Days of Noncompliance During the Calendar Month	Monthly Demand Charge Multiplier Applied to Maximum OFO Shortfall
One, Two, or Three	Three
Four, Five, or Six	Six
Seven, Eight, or Nine	Nine
Ten or More	Twelve

The maximum amount that the Customer shall pay pursuant to Section 13.1(B) over any Winter Season shall be Twelve months' demand charges multiplied by the Maximum OFO shortfall experienced during that Winter Season; and

- (C) the payment of all other charges, inclusive of storage and overrun costs, incurred by East Ohio on the date of the OFO shortfall; and associated excise tax.
- (D) East Ohio shall credit all payments received for charges billed pursuant to this Section to costs recovered through Transportation Migration Rider – Part B.

13.2 Customers in compliance with an OFO shall not be subject to any incremental charges or costs.

14. Obligations

- 14.1 The Customer shall be deemed to be in control and possession of the gas delivered to East Ohio for Customer's account, until it shall have been delivered to East Ohio at the Transportation Receipt Point(s) or the Production Receipt Point(s), as applicable, after which East Ohio shall be deemed to be in control, but not possession, of the gas until the gas is redelivered to the Customer by East Ohio at the Delivery Point(s).
- 14.2 The Customer warrants the title to the gas delivered to East Ohio at the Transportation Receipt Point(s) or the Production Receipt Point(s), as applicable, and shall indemnify East Ohio for and save East Ohio harmless from all suits, actions, debts, accounts, damages, costs, losses and expenses arising from or attributable to the adverse claims of any and all other persons or parties to the gas delivered to East Ohio, provided, however, that if any person or party makes claim to any gas delivered to East Ohio adverse to Customer's claim of ownership of the gas, or obtains a lien or encumbrance against the gas, East Ohio may withhold payment, if any may be due, for such gas until such adverse claim or lien is released or disposed of by the parties by final court action and may pay such withheld amount(s) to the party entitled to payment, unless the Customer posts a bond in an amount and on terms satisfactory to East Ohio to protect and indemnify East Ohio against such adverse claim or lien.

15. Provision for Human Needs Customers

General Terms and Conditions of Transportation Service

- 15.1 Human Needs Customers are required to have adequate installed operational alternate fuel equipment and fuel; arrange for firm natural gas commodity, capacity, and delivery service; or purchase Standby Service from East Ohio. Human Needs Customers must inform East Ohio if they have alternative fuel capabilities or firm natural gas service, or they will be billed the otherwise applicable Standby Service charges. East Ohio shall determine the sufficiency of a Customer's alternative fuel capability or firm natural gas service on a non-discriminatory basis. Failure to inform East Ohio and demonstrate sufficient alternative fuel capability or firm natural gas service will result in East Ohio automatically assigning and billing Customer for an appropriate level of Standby Service based on historical usage.

16. Force Majeure

- 16.1 The term "Force Majeure," as used herein, and as applied to East Ohio or the Customer, shall mean unforeseen acts of law including governmental bodies acting pursuant to law, acts of God, strikes, lockouts or other labor disturbances, acts of a public enemy, war, blockades, insurrections, riots, epidemics, lightning, fires, floods, washouts, arrests, civil disturbances, explosions, breakage or accidents to machinery or lines of pipe, freezing of wells or pipelines, partial or entire failure of such wells, or any other cause, whether of the kind enumerated or otherwise, not reasonably within the control of the affected party. The settlement of strikes, lockouts or labor disturbances by acceding to the demands of an opposing party when such course is inadvisable is at the discretion or judgment of the affected party.
- 16.2 In the event East Ohio or the Customer is rendered unable, wholly or in part, by Force Majeure, to carry out its obligations other than the obligation to make payment of amounts accrued and due under the transportation service agreement and applicable rate schedules, and after notice of the Force Majeure condition is given to the other party in writing or by facsimile, the obligation of both parties, so far as they are affected by such Force Majeure, shall be suspended during the continuance of any inability so caused except the obligation to continue delivery of Production Volumes during curtailment periods, and the Force Majeure condition shall be remedied with all reasonable dispatch.
- 16.3 Whenever East Ohio has implemented its Emergency Curtailment Plan on file with the PUCO or is unable to meet its Core Demand due to Force Majeure conditions on, or upstream of, East Ohio's system, East Ohio shall have the right to use the Customer's flowing supplies to meet its Core Demand. Any interruption in the Customer's service entitlement resulting from such condition shall be remedied as quickly as possible, and must be preceded by the exhaustion of other reasonable alternatives to avoid the involuntary interruption of service. To the extent possible and appropriate in the circumstances, any necessary interruptions in service will be based on the size and location of the facilities involved, to minimize the absolute number of interruptions required.

General Terms and Conditions of Transportation Service

- 16.4 If East Ohio and the Customer have not entered into a contractual compensation arrangement covering the sale of Customer's gas to East Ohio, East Ohio shall compensate the Customer for gas diverted by East Ohio from the Customer pursuant to Section 16.3, above, as follows: East Ohio shall reimburse the Customer for the cost of the gas diverted plus a portion of the Customer's annual interstate pipeline demand charges, if any, in each month in which gas is taken by East Ohio. On the first Day on which gas is diverted in any month, the demand charge compensation shall equal 1/24 of the Customer's annual pipeline demand charges; if gas is diverted on two or more Days in a month, the demand charge compensation shall be 1/12 of the Customer's annual pipeline demand charges. In no event shall the monthly demand charge compensation exceed 1/12 of the Customer's annual pipeline demand charges. The total compensation determined in accordance with this Section shall not be less than the cost of gas as computed pursuant to Section 6.1 of these General Terms and Conditions of Transportation Service.
- 16.5 Neither East Ohio nor the Customer shall be liable in damages to the other for any act, omission or circumstances occasioned by, or in consequence of, Force Majeure.
- 16.6 Such causes or contingencies affecting the performance of the transportation service agreement by East Ohio or the Customer shall not relieve the affected party of liability unless such party shall give notice and full particulars of such cause or contingency in writing or by facsimile to the other party as soon as reasonably practical after the occurrence of the cause relied upon, nor shall such causes or contingencies affecting the performance of the transportation service agreement by either party relieve it of liability in the event of its concurring negligence, nor shall such causes or contingencies affecting the performance of the transportation service agreement relieve either party from its obligations to make payments of amounts then due under the Customer's transportation service agreement or applicable rate schedules in respect to gas already delivered.

17. Late Payment Charge

- 17.1 Charges previously billed to Customer by East Ohio, but unpaid by the payment date specified by East Ohio, will be assessed a late payment charge of one and one-half percent (1.5%) per month on the unpaid balance.

18. Ownership of Facilities

- 18.1 Except as provided herein or otherwise agreed upon, all pipelines, fittings and other properties furnished under these General Terms and Conditions of Transportation Service shall remain the property of the party paying for the facilities, who shall be solely responsible for the maintenance and operation of those facilities, and each party may remove its property at the termination of the contract.

General Terms and Conditions of Transportation Service

19. Governmental Authorizations

- 19.1 East Ohio and Customer shall file, as soon as practicable after execution of the transportation service agreement, all necessary applications with the appropriate governmental authorities for the purpose of securing all requisite authorizations for the service contemplated by the agreement, and shall proceed with all due diligence to secure such governmental authorizations if required.
- 19.2 In the event governmental approval of the transportation service agreement is conditioned in any manner, East Ohio or Customer may, within 30 days of such event, elect to terminate the agreement by giving the other fifteen days notice, and upon such termination neither party shall have any liability or obligation to the other by reason of the transportation service agreement other than the obligation to make payments as provided for in the agreement with respect to events or transactions that have occurred prior to such termination.
- 19.3 If the transactions provided for under the transportation service agreement at any time subject either party to the jurisdiction or regulation by the FERC to an extent greater than any which exists on the date of the contract, whether by reason of statutory, regulatory or judicial action, then either party may elect to terminate the contract in the manner provided for in Section 19.2 above, provided, however, that termination shall not relieve either party of its obligations under the transportation service agreement or applicable rate schedules with respect to transactions that have occurred prior to the date of termination.

20. Limitation on Liability

- 20.1 East Ohio shall have no liability for acts arising out of obligations performed under its tariff, provided that East Ohio's actions are in accordance with its tariff and applicable industry standards. In no event shall East Ohio be liable for any consequential, incidental or punitive damages for acts or omissions that are alleged to violate East Ohio's tariff or applicable industry standards.
- 20.2 Each party to the Agreement shall bear responsibility for all of its own breaches, tortious acts, or tortious omissions connected in any way with the Agreement hereunder, causing damages or injuries of any kind to the other party or to any third party, unless expressly agreed in writing between the parties. Therefore, the offending party as a result of such offense shall hold harmless and indemnify the non-offending party against any claim, liability, loss or damage whatsoever suffered by the non-offending party or by any third party. As used herein, the term "party" shall mean a corporation or partnership entity or individual with whom East Ohio has a contractual relationship. The phrase "damages or injuries of any kind" shall include, without limitation, actual damages, litigation expenses, court costs, and attorneys' fees, and the phrase "tortious acts or tortious omissions" shall include

General Terms and Conditions of Transportation Service

without limitation sole or concurrent simple negligence, gross negligence, recklessness, and intentional acts or omissions.

21. Miscellaneous

- 21.1 No modification of the terms and provisions of the transportation service agreement shall be made or become effective except by the execution of a supplementary written agreement.
- 21.2 No waiver by East Ohio or the Customer of any one or more defaults by the other in the performance of any provision of the transportation service agreement or applicable rate schedules shall operate or be construed as a waiver of any future default or defaults, whether of a like or a different character.
- 21.3 The transportation service agreement shall not be assignable without the prior written consent of the other party, which consent shall not unreasonably be withheld.
- 21.4 The payments of the rates stated in the transportation service agreement or applicable rate schedules as well as the other provisions and conditions of these General Terms and Conditions of Transportation Service shall be subject to all applicable Federal and State laws and orders, rules and regulations.
- 21.5 In the event any tax is imposed on natural gas, or the production, severance, gathering, transportation, sale, delivery, or use of natural gas, or if such tax is imposed in any other manner so as to constitute directly or indirectly a charge upon the gas delivered to East Ohio for redelivery pursuant to the transportation service agreement, the amount of such tax shall be borne by the Customer so far as it affects or relates to or is apportionable to the gas delivered to East Ohio under the transportation service agreement or applicable rate schedules. In the event East Ohio is required to pay such tax, the amount of the tax shall be billed directly to the Customer.
- 21.6 The Customer shall pay, or cause to be paid, any royalty payments due or owed on the gas delivered pursuant to the transportation service agreement, and shall indemnify and hold East Ohio harmless from any responsibility, liability or obligation for payment of any such royalty. In the event East Ohio is obligated by law to make any such royalty payment directly to royalty owners, the Customer shall reimburse East Ohio for any such payment and any costs associated with such payment. If the Customer fails to reimburse East Ohio, East Ohio may deduct the amount of such payments or costs from any payments accruing to the Customer under the transportation service agreement or applicable rate schedules, or take production in kind in satisfaction of the Customer's obligation.
