COMPLAINT DESCRIPTION:

Dear PUCO: I know that Toledo Edison is asking for a raise in our electricity. Have they or you seen the World economy, lately. We are spinning into a Crash. It is not just the United States, it is the world. Yet Toledo Edison is asking for a raise in cost. I am on a fixed income, I can not pay for a raise. I have switched to the new cruly light bulbs. I only have one light bulb lite when I am reading. How about cutting costs at Toledo Edison to save cost. No raises for the executive staff. We pay the highest rates in Ohio. Maybe that is why we can not get companies to come to this part of Ohio. I do not want you to give Toledo Edison a raise. They need to get by on what they have already. You can not switch to another company to deliver your electricity. They are all blocked. Toledo Edison has a captive group. They are squeezing us to death. Look at the World economy Toledo Edison, we in the USA are in a crash and you want more money. I do not think is is going to fly. How come this is not on the ballot for people to vote on whether they want an increase. At least Columbia Gas was talking about a decrease in rates and you can get gas cheaper from another company. The days of slavery are over Toledo Edison. Let go of the chains of oppression in rates. You are strangling the economy in OHIO.PUCO do not vote them an increase. Stand UP for the common man in Ohio, Charlene Taylor
