Docketing Case No.:08-0917-EL-SSO

Notes:

I understand that AEP wants to increase their rates by 15% a year for the next three years. My concern is for people like myself who are on a fixed income due to disability retirement, retirement, or other reasons who do not get an increase every year or the increase is very minimal. Personally, I only get a 3% cost of living raise a year on my disability retirement and unfortunately, I believe the cost of living is higher than that this year and I just can't afford any more increases at this point. I am lucky enough, for the time being, that I can make my mortgage payment but I do find I have to make crucial decisions about food, medicine, gas, and other essentials. Please consider those like myself when you ponder the request of AEP.
