COMMENT DESCRIPTION:

regarding duke energy increase this company needs to quit wasting money it does not need an increase clerical people are paid an average of \$20.00 an hour field people are paid an average of \$30.00 an hour supervisors are paid \$80,000 to 100,000 and jim rogers makes more money than god they could do the work without 1/2 of their supervisors the employees who are paid mileage get an extra check of over \$400. a month. which duke does not ever question the mileage that these people turn in I would like to know if the puc have ever denied a rate increase for duke (cinergy-cg&e) the rate of health care and people losing their jobs and houses is enough already if you are suppose to be working for the people than you should not allow this increase. don't forget the law suit that is pending against duke-energy.
