- *(no service phone number provided?)*
- *(no account number provided?)*

COMMENT DESCRIPTION:

Please do not allow First Energy to raise their rates. We already pay some of the highest rates in the United States. We pay higher rates than any other area in Ohio that First Energy services. This is so wrong. It is our hope that you, the PUCO, will represent the consumer and not the utility. First Energy has amassed huge profits while putting bandaids on their transmission lines. Literally. There are many poles on our road alone that are patched. When some poles were blown over near my home, I notified them and they put new poles in at an angle. It wont take much of a wind this winter to push them all the way over again. Davis Bessie was shut down due to their negligence but we the consumer pay. We feel that they are a reckless and dangerous company who continues to rip off the public at every opportunity. No one should have to pay so much just for the privilege of being billed. Just wrong. Thank You.
