**Comments:**

Why would you allow AEP to have an increase to 45% on its customers? Don't you understand that we elderly are on a fixed income with no means of bonus or golden parachutes like he gets every year. I think its an injustice for him to get 19.6 million a year and have 2 homes and a private jet and we are in jeopardy of losing our one and only home! He needs to anty up himself and sell the million dollar pieces of art work on the walls that no one knows about. Why does an electric company need that? When we lived in Texas your property taxes never increased when you reached 65, what about that for the seniors in your state govenor?

**Response:** Yes
