- Service phone: 614-267-1385
- *(no account number provided?)*

QUESTION DESCRIPTION:

How in the world can anyone with their feet on this earth believe that we can afford electricity,gas, gasoline, public schools and any other thing that the mayor believes we should afford. While he removes 4000 people from the states payroll and now the largest bank in ohio is also letting thousands of people go!!! Who do you think can afford the proposed rate hike for the electric co. Have they not already made more from the population rise in columbus? Now you want more for the co. and the schools and the city ,unlike you, we have to work for more we cannot just legislate more funds for ourselves. I own a mobile business in this town and I have been pummeled by gasoline and the costs of doing business but I cannot raise my prices and be competititive. Who can pay more not my customers... Have you even got the stones to ask your customers the same or are the decisions just made and enacted before the feet ever touch the ground again ?? PLEASE THINK FIRST ! We the people cannot budget beyond what we take in, unlike the government. And we cannot go to 180 E broad and take the day off to defend ourselves...HELP ! I have yet to turn on the heat how about you ?.....It is chilly here huh.....?
