- *(no account number provided?)*

COMMENT DESCRIPTION:

I don't think AEP should have the right to increase their product by 45% or 4%! These are tough times for alot of us. I know it is for my family. Our house is all electric and it's all we can do to make our monthly payments the way it is without an increase in our power bill too! If things keep going the way they are there will be no middle class working American. Thank you for your consideration for the Ohio citizens.
