To Whom It May Concern:

I am a customer of American Electric Power in Canton, OH and I am writing regarding the proposal of an increase in electric rates by 45 percent over the next three years.

This is truly unfair and I feel unnecessary in these tough economic times. It just plain greediness on AEP's part.

If I had a choice of another electric company, I would change my service for sure.

I write as a senior citizen on a very limited income and I'm sure I speak for many of us. It would be unfair to the middle to lower income families raising feeding, clothing and schooling children also.

Please heed the request of the people. Stop this ridiculous increase.

Thank you,
