Docketing Case No.: AEP

**Notes:**

I am a retiree living only on Social Security. I cannot afford the major increases that I keep hearing AEP is requesting as a result of not managing their business. They pay millions to their CEO and his direct reports. They pay the board of directors huge sums. They can manage their business better and cover any cost that they incurred through poor planning and business management that they blame on this years wind storm. Also they could suspend their dividends and offset some cost. Gas and electric cost are very high in Ohio for those of us who are poor or on fixed limited income. My job went overseas several years ago. Cannot sell my house. And I am may be forced toward living in the street by unaffordable utility cost. And the CEO of AEP makes multi millions and wants to make more. Something is wrong in Ohio if this (these) increases are granted.

Please docket the attached in the case number above.
