Re: United Telephone Company of Ohio d/b/a Embarq
Case No. 07-464-TP-COI (Docket No. 90-5041-TP-TRF)

Dear Ms. Jenkins:

On November 14, 2008, Embarq Local Operating Companies filed Transmittal No. 61, with the Federal Communications Commission. The revisions made to Tariff F.C.C. No. 1 will become effective November 29, 2008. These revisions withdraw stand alone switched and special access Synchronous Transport Signal Level 1 (STS1) transmission services from Tariff F.C.C. No. 1, as required by the Commission upon use of the forbearance relief pursuant to FCC Memorandum Opinion and Order No. 07-184, released October 24, 2007 (*Order*). The removal of STS1 service was inadvertently left out of Embarq LOC's original forbearance filing under Transmittal No. 54, dated August 1, 2008.

The *Order* granted relief for all of the optical and packet switched broadband transmission services currently offered by Embarq (e.g., STS1, OptiPoint, SONET OC Ring, Ethernet Transport, Frame Relay, ATM and Custom Access Solutions), with the exception of certain Frame Relay and ATM services operating below 200 kbps in each direction. The *Order* does not grant forbearance with respect to traditional TDM-based DS1 and DS3 transmission services, nor to any services that do not provide a transmission capability of over 200 kilobits per second in each direction.
