Office of Chairman
P.U.C.O.

Chairman Schreiber,

I am writing to express concern about the FirstEnergy ESP case pending before the PUCO. FirstEnergy is a provider in my district, so the case directly affects my constituents. There is support in my district for the PUCO to consider adopting three of NOPEC's recommendations in the case: 1) an extension of FirstEnergy's current 5% generation discount, 2) elimination of the 1 cent/kwh rider for NOPEC customers, and 3) the establishment of a credit for NOPEC customers for the proposed generation deferral. The third recommendation will allow NOPEC to provide generation discounts to their customers next year.

Each of the above recommendations would create substantial savings for constituents on their electric bills. Keeping the cost of electricity affordable will help consumers who are struggling in this tough economic climate. Please give these three NOPEC recommendations full and fair consideration in the FirstEnergy ESP case. Thank you.

Continued Success,

Matt Lundy
