Exhibit D. Proposed Customer Notice to be distributed to each customer prior to the Effective date of the new rate.

WHEREFORE, Aqua Ohio prays that the Commission find: 1) that the Purchased Water Charge to be collected by Aqua Ohio in its Lake Erie Division is just and reasonable; 2) approve the filing of the proposed Tariff sheets filed herewith and made a part hereof, modified to reflect such revisions thereof as may become effective, pursuant to the orders of this Commission; and 3) grant such other and further relief as the Lake Erie Division of Aqua Ohio, Inc. is reasonably entitled to in these proceedings.

Respectfully Submitted,

John W. Bentine, Esq. (0016388)

## Purchased Water Calculation

## PURCHASED WATER CALCULATION

Aqua Ohio, Inc.

Case No. 08-1337-WW-PWA

The current rate structure for the Aqua Ohio, Inc. Lake Erie Division customers, formerly the Lake Erie East Division, is a monthly metered charge that is billed in arrears. The Lake Erie Division purchases all of its water for the customers in the former Lake Erie East Division from the Ohio American Water Company. Ohio American was awarded a rate increase from the Public Utility Commission of Ohio in Case No. 07-1112-WS-AIR on November 12, 2008. This award increased the rate for the water Aqua Ohio purchases to serve Lake Erie Division customers from Ohio American from \$1.5224 per 1,000 gallons to \$1.7402 per 1,000 gallons. The additional cost of purchased water will be equally distributed to metered customers by applying a 4.4% surcharge to metered customers. The purchased water adjustment will result in an additional \$1.31 per month for an average residential customer using 3,740 gallons of water per month.

See EXHIBIT B for work paper supporting the proposed purchased water increase.

## Customer Notice

**FORMER LAKE ERIE EAST DIVISION**

**CUSTOMER NOTICE: PURCHASED WATER ADJUSTMENT**

Ohio Revised Code Section 4909.171 provides that when a water company which is under the jurisdiction of the Public Utilities Commission of Ohio (PUCO) purchases water from another utility under PUCO jurisdiction the water company can pass on the increased cost of purchasing water for its customers. The charge does not include any administrative cost, or any other operating expenses and is only the cost of purchased water.

Aqua Ohio, Inc. filed an application December 31, 2008 with the Public Utilities Commission of Ohio (PUCO) in Case No. 08-1337-WW-PWA seeking approval to assess a purchased water charge in its Lake Erie Division. The purpose of seeking authority to assess a purchased water charge in its Lake Erie Division is to recover costs related to an increase from Ohio American Case No. 07-1112-WW-AIR in the rate it charges the customers in the former Lake Erie East Division for purchased water. After conducting an investigation into the application, the PUCO approved Aqua Ohio's request on \_\_\_\_\_. The PUCO approved the assessment of a surcharge of 4.4% to your monthly bill. The surcharge will appear on billings on or after \_\_\_\_\_. The Purchased Water Charge approved by the PUCO will result in the average residential customer's bill being increased by an additional charge in the amount of \$1.31 per month for an average residential customer using 3,740 gallons of water per month.

The surcharge will continue to appear on future bills and may be adjusted or eliminated based on the findings of the PUCO.

If you have any questions concerning the impact of the surcharge on your bill, or have any questions regarding the Purchased Water Adjustment please call Aqua Ohio at 877-987-2782.
