Re: CRES Application – Case No. 09-0033-EL-AGG

Dear Mr. Drummond:

Following up on your email of today, please find enclosed National Utility Service's amended answers to Section B-5 and Section B-6 of our CRES Application – Case No. 09-0033-EL-AGG. These questions are located on page 4 of the application.

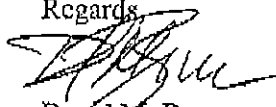

In both cases the answers are no. Neither the applicant, a predecessor of the applicant, or any principal officer of the applicant have ever been convicted or held liable for fraud or for violation of any consumer protection or antitrust laws with the past five years. Additionally, neither the applicant or a predecessor of the applicant has had any certification, license, or application to provide retail or wholesale electric service including aggregation service denied, curtailed, suspended, revoked, or cancelled with the past two years.

I am providing these amended answers to your office via facsimile with the original letter and attachment to follow via U.S. Post 1st Class Mail.

Of course, should you or any member of your staff have any questions or comments concerning this matter or our application in general, please contact me at (201) 391-4300 extension 105 or via email at dbrown@nusconsulting.com.

Thank you.

Subject: CRES Application - National Utility Services Inc, Case No. 09-0033-EL-AGG

In reviewing your application for National Utility Services, in sections B-5 and B-6, you did not indicate yes or no by checking the boxes on the page. While I am guessing that since there were no attachments provided for either section that the answer is NO, I am requesting that you amend this page by checking the correct boxes, and refiling it with our Docketing Division. Please include a cover letter with the amended page, indicating the case number and the amended page number.
