In the Matter of the Application of E Source)

Competitive Retail Natural Gas Supplier in)
Ohio.)

Case No. 09-20-GA-^{AGG}CRS
JRK

ENTRY

The attorney examiner finds:

- (1) On January 9, 2009, E Source Companies LLC (E Source) filed an application for a certificate allowing it to provide competitive retail natural gas service in various service territories in Ohio.
- (2) Retail natural gas suppliers are required to maintain an office and an employee in the state of Ohio. Section 4929.22(G), Revised Code; Rule 4901:1-27-04(B)(1)(e), Ohio Administrative Code (O.A.C.). The application filed by E Source does not reflect that it has an office and an employee in the state of Ohio.
- (3) Pursuant to the terms of Section 4929.20, Revised Code, and Rule 4901:1-27-06(A), O.A.C., E Source's certification application is subject to a 30-day automatic approval process. The rule also provides that, upon good cause shown, the Commission or an attorney examiner may suspend consideration of a certification application.
- (4) The attorney examiner finds that, because the application does not reflect that E Source has an office and an employee in the state of Ohio, good cause has been shown to suspend the 30-day automatic approval process for its application for certification, in order that the Commission and its staff may further review this matter.
- (5) The attorney examiner notes that Rule 4901:1-27-06(A)(2)(b), O.A.C., requires that, if consideration of a certification application is suspended, the Commission must act to approve or deny the application within 90 days of the suspension. In addition, Rule 4901:1-27-06(A)(2)(c), O.A.C., allows the Commission or the attorney examiner to set the matter for hearing.
