The attorney examiner finds:

- (1) On January 27, 2009, the Cleveland Municipal School District (CMSD) filed an amended application to establish a reasonable arrangement with the Cleveland Electric Illuminating Company (CEI) for electric service to its facilities located in Cleveland, Ohio. CMSD states that it is within the certified service area of and obtains electricity from CEI, a public utility as defined in Section 4905.02, Revised Code. CMSD is requesting that the Commission establish an arrangement or schedule for electric service from CEI.
- (2) On December 9, 2008, CEI filed a motion to intervene in this proceeding. CEI's motion was not opposed by any other party, and the attorney examiner finds that the motion should be granted.
- (3) Pursuant to Section 4905.31, Revised Code, the Commission has the authority to approve schedules for electric service upon application of a public utility or establish reasonable arrangements for electric service upon application of a public utility and/or mercantile customers.
- (4) Any interested party wishing to intervene in this matter, shall file a motion to intervene and set forth any comments and objections to the amended application by March 2, 2009. If the Commission believes that the amended application may be unjust or unreasonable after reviewing any comments or objections filed, a hearing will be scheduled by subsequent entry.
