## 22.184.6 Mergers/Acquisitions

All provisions of this Contract Offer shall continue in full force and effect notwithstanding any merger or acquisition affecting the Customer. A merger or acquisition within the meaning of this provision, shall include, without limitation, any transaction in which the Customer, in whole or in part, merges with, acquires, is acquired by, or sells all or substantially all its stock or assets to any other entity, or purchases all or substantially all stock or assets of another company. Upon the Transaction Close Date of the merger or acquisition, if the other company involved in the merger or acquisition also purchases Subject Services from the Telephone Company, the Subject Services, as provided for in this Contract Offer, will continue to be maintained at the same volume, rates, and Terms and Conditions as outlined herein. The Transaction Close Date shall be defined as the date that the stock purchase is complete and/or the final date on which the assets of the acquired/merged company have been purchased.

## 22.184.7 Termination Liability

Subject Services shall be subject to termination liability, as provided in this Contract Offer, in lieu of the termination liability language contained in Section 7 for DS3 Service. If the Customer terminates services before the completion of the Term Period for any reason, or if the Customer breaches any of the Terms and Conditions of this Contract Offer or any other applicable tariff provision, the Customer must pay to the Telephone Company termination liability charges as described below. These charges shall become due as of the effective date of the cancellation or termination, and are payable as described in Section 7. The Customer's termination liability for cancellation of service shall be equal to fifty (50) percent of all MRCs for the balance of the Service Term applicable to the relevant Subject Service(s).

Example: A Customer with a \$600 DS3 IOF Transport Bundle MRC terminates service after two (2) years, and has twelve (12) months remaining in a thirty-six (36) month term plan. The termination liability would be calculated as:

$\$600 \times 12 \times 50\% = \$3,600$  termination liability charge.
