Feb 27-09

Dear (PUCO)

Conserving Dp + L ratio
increase should not be allowed
first of all we are charged
generation charge, Customer
Fuel charge, distribution ect.

D p & I should not advertise
they are a monopoly No competition
on territory why should customers
have to pay for not needed expense
They big pay to CEO ect.

Times are very tough we have to cut expense so can Dept
Why should we have to pay for all these new equipment meters ect
What are they doing with all the millions they collect they can pay to put new products in their enter structure.

Thank you
