Carrier's service may be used with or terminated in customer provided terminal equipment or customer provided communication systems, such as teleprinters, handsets, or data sets. Such terminal equipment will be furnished and maintained at the expense of the providing customer, except as otherwise agreed in advance and in writing. The customer is responsible for all costs at their premises, including personnel, wiring, electrical power, and the like incurred in the use of Carrier's service. When such terminal equipment is used, the equipment shall comply with the generally accepted minimum protective criteria of the telecommunications industry.

3.5 Calculation of Distance

Usage charges for all mileage sensitive products are based on the airline distance between rate centers associated with the originating and terminating points of the call.

The airline mileage between rate centers is determined by applying the formula below to the vertical and horizontal coordinates associated with the rate centers involved. The company uses the rate centers and associated vertical and horizontal coordinates that are generally accepted within the telecommunications industry.

Formula:
$$\frac{\sqrt{(V1 - V2)^2 + (H1 - H2)^2}}{10}$$

3.6 Minimum Call Completion Rate

The customer can expect a call completion rate of 99% of calls attempted during peak use periods for all Feature Group D (1+) services.

3.7 Special Services

For the purpose of this tariff, a Special Service is deemed to be any service requested by the customer for which there is no prescribed rate in this tariff. Special Services charges will be developed on an individual case basis and filed in this tariff.

3.8 Service Offerings

The Company provides the following services:

3.8.1 Message Toll Service (MTS)

Dialing is achieved by customer's telephone lines being programmed by the local telephone company (LEC) to automatically route 1+ calls to the Company's network or by the customer dialing an access code issued by the Company.

3.8.2 Inbound Service (800/888)

Inbound Service is virtual banded inbound toll service which permits calls to be completed at the subscriber's location without charge to the calling party. Access to the service is gained by dialing a ten digit telephone number which terminates at the customer's location. Inbound services originate via normal shared use facilities and are terminated via the customers' local exchange service access line.

Carrier will accept a prospective inbound service customer's request for up to ten (10) telephone numbers and will reserve such number(s) on a first come first serve basis. All requests for number reservations must be made in writing, dated and signed by a responsible representative of the customer. Carrier does not guarantee the availability of number(s) until assigned. The inbound services telephone number(s) so requested, if found to be available, will be reserved for and furnished to the eligible customer.

If a customer who has received a number does not subscribe to inbound service within 90 days, the company reserves the right to make the assigned number available for use by another customer.

3.8.4 Directory Assistance

Dear Customer:

Effective August 15, 2008, the prices, service descriptions, and the terms and conditions for certain telecommunications services that you are provided by Reduced Rate Long Distance, LLC will no longer be on file at the Public Utilities Commission of Ohio (PUCO). This change is applicable to One Plus Services Only.

This modification does not result in a change in the prices, terms or conditions of those services to which you currently subscribe. Reduced Rate Long Distance, LLC must still provide a customer notice of at least fifteen (15) days in advance of rate increases, changes in terms and conditions, and discontinuance of existing services. Additionally, this information is available by contacting us at 1-866-367-7753.

Since these services will no longer be on file with the Commission, this means that the agreement reached between the customer and the company, instead of the document on file with the PUCO, will now control new services or changes in service. This agreement, whether it is verbal or written, will still be subject to consumer protections required and enforced by the PUCO.

For any new services or changes in service, it will be important that you carefully review and confirm the price, terms and conditions.

If you have any questions about this matter, please call Reduced Rate Long Distance, LLC at 1-866-367-7753.
