- Account Number: 110009400844

COMMENT DESCRIPTION:

I talked to my commercial account rep today from FirstEnergy and requested to be switched to a "time of day" meter because our peak demand (Sunday) is off-peak and would save us considerable amount of money, as would most churches. She informed me that the new rate schedule would come out June 1 and it is yet to be determined whether it will include a "time of day" meter option. I am requesting PUCO, on behalf of our church and others, to consider that option to be in the new rate plan so utility costs can be kept down while church revenues are dropping. Thanks in advance for your consideration.
