- Company: american electric power
- Name on account: jason marty
- Service address: 4721 columbus rd. wooster, oh. 44691
- *(no service phone number provided?)*
- Account Number: 078-268-339-1-0

COMPLAINT DESCRIPTION:

foreclosures are rampant, unemployment is up, and pucO approves a almost 15% rate increase for electric! maintenance and improvements should be done constantly. So I don't understand why the increase is needed. I am not getting a 15% pay raise, I will have to cut something else from my budget. A budget that has already been cut and bills not getting paid. should I cut my mortgage or groceries? The only notice of this increase was as a bottom of last page of the bill it is already on. A. E. P. should cut it's budget elsewhere to cover these costs just as I have to do to cover a e p 's increase. I have already installed cfl's, energy smart water heater, turned off outside security light, and such. Our budget and energy use have both been cut to point of only necessities left, there is no more cuts to make , WE DON'T HAVE 15% MORE TO GIVE!!!!!!!!!!!!!!!!!!!!!!

COMPLAINT DESCRIPTION:

Is there anyone in PUCO that understands english? I sent a complaint this same manner and I was contacted by A.E.P. The recent rate increase approved by PUCO should not have been requested by A.E.P. in the first place and PUCO should NEVER have approved it. PUCO messed up. PUCO should rescind the rate increase. At this tough economic time, budgets have to be cut, sometimes hard to make cuts, but cuts still need to be made. While the rest of america cuts there budgets PUCO should not approve a rate increase for A.E.P. If you still don't get it then PUCO not A.E.P. should contact me. This rate increase is for cutting vegetation, a routine already in the previous budget, and for conservation programs. Energy conservation is beeing covered, we have already reduced our electric consumption, another form of telling people to conserve is redundant. Furthermore this rate increase is costing us the savings we should reap for our conservation. Why should we conserve if you are just going to up the rate so A.E.P. continues to recieve the same monthly payment? Hear this and hear this good, stop spending my money on crap!!!!!!!!!!!!!!!!!!!! I have made budget cuts and cut my electric consumption. A.E.P. needs to cut it's budget instead of STEALING MY SAVINGS!!!!!!!!!!!!!!!!!!!!
