### SECOND AMENDED CORPORATE SEPARATION PLAN

#### I. OVERVIEW.

This Second Amended Corporate Separation Plan (Plan) describes the processes and controls Duke Energy Ohio, Inc. ("Duke Energy Ohio") has implemented consistent with Ohio Administrative Code 4901:1-37 et seq., and Ohio Revised Code 4928.17. Duke Energy Ohio's Corporate Separation Plan was initially approved in Case No. 99-1658-EL-ETP. Duke Energy Ohio filed its Amended Corporate Separation Plan as part of its Application to establish an Electric Security Plan (ESP) in Case No. 08-920-EL-UNC. The Public Utilities Commission of Ohio (Commission) approved Duke Energy Ohio's ESP and Amended Corporate Separation Plan by order dated December 17, 2008.

This Plan is designed to comply with the recently enacted regulations set forth in Ohio Administrative Code (OAC) 4901:1-37 et seq. This Plan governs the corporate separation of noncompetitive retail electric service from competitive retail electric service as well as the products and services offered by certain affiliates of Duke Energy Ohio and is intended to be complimentary to Duke Energy Ohio's Cost Allocation Manual (CAM). Duke Energy Ohio's CAM generally describes how costs are allocated between and among Duke Energy Ohio and its affiliates.

#### II. PROVISIONS THAT MAINTAIN STRUCTURAL SAFEGUARDS.

OAC 4901:1-37-4 sets forth required structural safeguards. Specifically, the provision provides:

- (1) Each electric utility and its affiliates that provide services to customers within the electric utility's service territory shall function independently of each other.
- (2) Each electric utility and its affiliates that provide services to customers within the electric utility's service territory shall not share facilities and services if such sharing in any way violates paragraph (D) of this rule.
- (3) Cross-subsidies between an electric utility and its affiliates are prohibited. An electric utility's operating employees and those of its affiliates shall function independently of each other.
- (4) An electric utility may not share employees and/or facilities with any affiliate, if the sharing, in any way, violates paragraph (D) of this rule.
- (5) An electric utility shall ensure that all shared employees appropriately record and charge their time based on fully allocated costs.
- (6) Transactions made in accordance with rules, regulations, or service agreements approved by the federal energy regulatory commission, securities and exchange commission, and the commission, which rules the electric utility shall maintain in its cost allocation manual (CAM) and file with the commission, shall provide a rebuttable presumption of compliance with the costing principles contained in this chapter.

Except as permitted by the Commission's rules and Title 49, Ohio Revised Code, the Duke Energy Ohio and its affiliates that provide services to customers within Duke Energy Ohio's service territory function independently of each other.

In December 2005, as a condition of the merger between Duke Energy Corporation and Cinergy Corp., the companies agreed to enter into several service agreements that address, among other things, cost allocation, provision of services, and pricing of transactions between and among Duke Energy Corporation holding company affiliates, including Duke Energy Ohio. These agreements include the Utility/Non-utility Service Agreement, the Service Company/Utility Service Agreement, the Operating Company/Non-utility Companies Service Agreement, and the Utility Money Pool Agreement. A summary of the various agreements and the services and pricing for transactions permitted therein is included in Section IV of this document. Copies of the agreements are included in and are more fully described in Duke Energy Ohio's CAM. Duke Energy Corporation holding company monitors compliance with these agreements as part of its utility operations in Ohio, Indiana, Kentucky, North Carolina, and South Carolina.

In addition to the general separation of books and records between Duke Energy Ohio and its affiliates, Duke Energy Ohio has implemented various safe guards to ensure compliance with the affiliate transaction rules and regulations. The Company has physically separated its regulated distribution business from its competitive retail electric service employees. Employee access to regulated and non-regulated areas is electronically monitored to ensure there is complete separation. All employees receive annual training regarding types of information that cannot be communicated between regulated and non-regulated businesses.

To achieve operating efficiencies, Duke Energy Business Services LLC (DEBS), an affiliated service company, provides support functions across the Duke Energy Corporation holding company. These services include accounting, treasury, human resources, communications and legal functions. In general, DEBS employees are permitted to have greater

access to information across the regulated and non-regulated businesses, but are prohibited from sharing such information with an employee that is not permitted to directly access the information. Costs related to DEBS employees are allocated pursuant to the Service Company/Utility Service Agreement described in Section IV of this document.

### III. PROVISIONS THAT MAINTAIN SEPARATE ACCOUNTING.

Duke Energy Ohio maintains separate books and records from its affiliates in accordance with the Federal Energy Regulatory Commission's (FERC) Uniform System of Accounts (USoA). The FERC USoA designates specific accounts where regulated and non-regulated transactions are to be recorded. Duke Energy Ohio and its affiliates have cost accounting procedures and systems in place and in operation that assure that each business unit and affiliate properly records the costs associated with that unit's or company's own activities and operations. These accounting procedures and systems are more fully set forth in the Company's CAM.

## IV. A LIST IDENTIFYING FINANCIAL ARRANGEMENTS AND TRANSACTIONS.

Financial arrangements between Duke Energy Ohio and its affiliates, except as the Commission may approve, are subject to the following restrictions: (i) any indebtedness incurred by an affiliate shall be without recourse to the electric utility; (ii) Duke Energy Ohio shall not enter into any agreement with terms under which the electric utility is obligated to commit funds to maintain the financial viability of an affiliate; (iii) Duke Energy Ohio shall not make any investment in an affiliate under any circumstances in which the electric utility would be liable for the debts and/or liabilities of the affiliate incurred as a result of actions or omissions of an affiliate; (iv) Duke Energy Ohio shall not issue any security for the purpose of financing the acquisition, ownership, or operation of an affiliate; (v) Duke Energy Ohio shall not assume any obligation or liability as a guarantor, endorser, surety, or otherwise with respect to any security of an affiliate; and Duke Energy Ohio shall not pledge, mortgage, or use as collateral any assets of the electric utility for the benefit of an affiliate.

Duke Energy Ohio and its utility and non-utility affiliates operate pursuant to the terms and conditions of various service agreements. The terms and conditions of these agreements set forth the cost allocations for the transactions that are permitted to occur pursuant to the various Agreements. Duke Energy Ohio maintains copies of the current agreements in its CAM. Many of these agreements were approved by the Public Utilities Commission of Ohio in Case No. 05-732-EL-MER as part of the merger between Duke Energy Corporation and Cinergy Corp. In

<sup>&</sup>lt;sup>1</sup> Duke Energy Ohio is a Party to other agreements with its utility affiliates that were not approved as part of the Duke-Cinergy merger. These agreements include but are not limited to the Miami Fort Operations Agreement, and Affiliate Inventory Asset Transfer Agreement, and the Natural Gas and Propane Services Agreement. These

general there are three primary cost allocations that affect Duke Energy Ohio and its affiliates: cost allocations from DEBS, the subsidiary service Company of Duke Energy Corporation; (2) cost allocations between Duke Energy Ohio and its wholly-owned subsidiary Duke Energy Kentucky, Inc., for common costs; and (3) administrative and general (A&G) cost allocations between its gas and electric operations for both capital and expense accounts. The Agreements of which Duke Energy Ohio is a Party include the following:

- Service Company Utility Service Agreement— This agreement governs transactions between DEBS (Service Company) and utility affiliates, including Duke Energy Ohio. This agreement was entered into as part of merger between Duke Energy and Cinergy Corporation. In its Opinion and Order dated December 21, 2005, the Commission approved this agreement in Case No. 05-732-EL-MER et al.<sup>2</sup> DEBS provides its services at cost, except that solely for the purpose of Internal Revenue Code Section 482, Duke Energy Ohio shall pay DEBS the market value of services. However, notwithstanding the Section 482 exception, for rate making purposes, services are rendered to Duke Energy Ohio at cost.
- Operating Companies Service Agreement (Operating Company Agreement) This agreement governs transactions between Duke Energy Ohio and its utility affiliates. As compensation for any services rendered pursuant to the Operating Company Agreement, the company receiving services (Client Company) shall pay the service provider the fully embedded cost thereof (i.e., the sum of (i) direct costs, (ii) indirect costs and (iii) costs of capital), except to the extent otherwise required by Section 482 of the Internal Revenue

agreements allow Duke Energy Ohio to provide and receive services and goods at cost or otherwise according to FERC pricing regulations.

<sup>&</sup>lt;sup>2</sup> In re Merger of Cinergy Corp., and Duke Energy Holding Company, 05-732-EL-Mer et al., (Opinion and Order)( Dec. 21, 2005 at 14).

Code. Services provided to or by Duke Energy Carolinas shall be priced in accordance with Duke Energy Carolinas's North Carolina Code of Conduct approved by the North Carolina Utilities Commission. In accordance with FERC regulations, generation services provided by the regulated utilities to Duke Energy Ohio "Generation" and vice versa, are subject to asymmetrical pricing.

- Operating Company/ Non-utility Companies Service Agreement (Affiliate Services Agreement) This agreement governs transactions between Duke Energy Ohio and certain of its non-utility affiliates. As compensation for any services rendered pursuant to the Affiliate Services Agreement, the client company shall pay the service provider the fully embedded costs thereof except as required by 482 of the Internal Revenue Code.
- Joint Transmission System Planning and Operating Agreement This agreement addresses the allocation of transmission costs and revenues for the Duke Energy (Duke Energy Ohio and Duke Energy Indiana, Inc., [Duke Energy Indiana]) transmission system.
- Utility Money Pool Agreement This agreement allows Duke Energy, DEBS, and Duke Energy's utility operating companies (including Duke Energy Ohio) to participate in a money pool arrangement to better manage cash and working capital requirements. Under this arrangement, those companies with surplus short-term funds may contribute those funds into a money pool which is provided for short-term loans to affiliates (other than Duke Energy Corporation) participating under this arrangement. This surplus cash may be from internal or external sources. Each party receiving a loan pursuant to the agreement must repay the principal amount plus interest either on demand or within 365

- days of receiving the loan. Interest incomes from the loans are allocated among the parties in proportion to their respective contribution to the funds.
- Tax Sharing Agreement This agreement, between Duke Energy and its subsidiaries,
   provides for a consolidated Federal income tax return and the allocation of consolidated
   Federal income tax liabilities and benefits among the parties to the agreement.
- Miami Fort Unit 6 Operation Agreement- This agreement allows for Duke Energy Ohio to operate and maintain Duke Energy Kentucky's Miami Fort Unit 6 Generating Station.
  Duke Energy Ohio is required to provide material, fuel, equipment and services to Duke Energy Kentucky in accordance with good Utility Practice.
- Gas and Propane Services Agreement- This agreement allows for Duke Energy Ohio to
  provide certain necessary services for the operation of Duke Energy Kentucky's
  Woodsdale Generating Station which was formerly owned by Duke Energy Ohio.
- Agreement for Gypsum and FGD Waste Material Disposal Services- This agreement allows Duke Energy Kentucky to perform scrubber and FGD waste disposal services for Duke Energy Ohio.
- Inter-Company Asset Transfer Agreement. This Agreement permits asset transfer agreements for inventory items between Duke Energy Ohio and its sister regulated utility operating companies (Duke Energy Kentucky, Duke Energy Indiana, and Duke Energy Carolinas). The transfers are priced at the transferring party's fully embedded costs or through in-kind replacements, providing the transfers do not jeopardize the transferring party's ability to provide service. The pricing under this agreement is consistent with Ohio's affiliate transaction pricing rules. The agreement was entered into as a result of affiliate pricing rules in other jurisdictions that would otherwise require such transactions

to be priced according to stricter asymmetrical pricing rules. Duke Energy Ohio "Generation" and regulated utilities use FERC's asymmetrical pricing for transfers among themselves.

# V. LIST OF ALL CURRENT AFFILIATES IDENTIFYING EACH AFFILIATES' PRODUCT(S) AND OR SERVICES(S).

Duke Energy Corporation's Corporate Secretary maintains a list of all affiliates in the Duke Energy Corporate Holding Company structure and will be made available to the Commission upon request. The list includes the list of affiliates within Duke Energy Corporation as of March 31, 2009.

Company	Where incorporated	Date Incorporated	Nature of Business
ADAGE Hamilton LLC	Delaware	5/6/2009	Pursuant to the ADAGE joint venture, this special purpose vehicle will be the owner of the 50mw biomass power plant currently under development in Hamilton County, FL.
ADAGE LLC	Delaware	9/9/2008	Identify, evaluate, develop, and pursue Biomass opportunities in the US.
Advance SC LLC	South Carolina	7/9/2004	Distribute a portion of bulk power marketing revenues of Duke Power Company for certain South Carolina public assistance programs, education programs, economic development funding and manufacturing competitiveness funding.
			FERC Form 1: Grant making
Advantage IQ, Inc.	Washington State	11/6/1995	Advantage IQ is a leading provider of comprehensive cost management services for utility, telecom and waste expenses, including strategic energy management services. Its patented technology and services provide multi-site companies with critical, yet easy-to-access information that enables companies to proactively manage and reduce expenses. Advantage IQ's patented Facility IQTM System provides online access to consolidated costs as well as powerful analytical consulting services and real-time reporting tools.

Duke Energy One, Inc.	Delaware	9/5/2000	
			Duke Energy One has two different businesses - one for residential customers and one for commercial/industrial customers.
			On the residential side, Michael Goldenberg directs DE One's strikestop and underground protection offerings. Strikestop is a whole-house surge protector that DE One sells to residential customers. Underground protection is an offering under which DE One repairs underground customer-owned electric.
			On the commercial/industrial side, Bruce Modlin directs DE One's customer-owned substation construction and maintenance activities. Evidently, there are large customers with their own transformers/substations, DE One builds these and repairs/maintains these.

### VI. A CODE OF CONDUCT POLICY THAT COMPLIES WITH O.A.C. 4901:1-37-05 AND THAT EMPLOYEES OF THE UTILITY AND AFFILAITES MUST FOLLOW.

### Duke Energy Ohio Affiliate Code of Conduct

#### A. Introduction

This Affiliate Code of Conduct governs the actions of Duke Energy Ohio and its affiliates. It is intended to ensure that no competitive advantage flows from Duke Energy Ohio to an affiliate and vice versa. Compliance with this Code of Conduct shall be mandatory for all employees, consultants and independent contractors of Duke Energy Ohio and its affiliates.

#### B. The Code of Conduct

- (1) Duke Energy Ohio shall not release any proprietary customer information (e.g. individual customer load profiles or billing histories) to an affiliate, or otherwise, without the prior authorization of the customer, except as required by a regulatory agency or court of law.
- (2) Duke Energy Ohio shall make customer lists, which include name, address, and telephone number of the customer, available on a nondiscriminatory basis to all nonaffiliated and affiliated certified retail electric competitors transacting business in its service territory, unless otherwise directed by the customer. This paragraph does not apply to customer-specific information, obtained with proper authorization, necessary to fulfill the terms of a contract, or information relating to the provision of general and administrative support services.
- (3) Employees of Duke Energy Ohio affiliates shall not have access to any information about Duke Energy Ohio transmission or distribution systems that would convey a competitive advantage to such affiliate (including, but not limited to, system operations, capability, price, curtailments, and ancillary services) and that is not contemporaneously and in the same form and manner available to a nonaffiliated competitor of retail electric service.
- (4) Duke Energy Ohio shall treat as confidential all information obtained from a Certified Supplier of retail electric service, both affiliated and nonaffiliated, and shall not release such information unless a Certified Supplier provides prior authorization to do so.

- (5) Duke Energy Ohio shall not tie (nor allow an affiliate to tie) or otherwise condition the provision of Duke Energy Ohio regulated services, discounts, rebates, fee waivers, or any other waivers of ordinary terms and conditions of service, including but not limited to tariff provisions, to the taking of any goods and/or services from Duke Energy Ohio affiliates.
- (6) Duke Energy Ohio shall ensure effective competition in the provision of retail electric service by avoiding anticompetitive subsidies flowing from a noncompetitive retail electric service to a competitive retail electric service or to a product or service other than retail electric service, and vice versa. Duke Energy Ohio shall accomplish this by ensuring that all employee sharing and affiliate transactions are at fully embedded cost pursuant to its PUCO-approved service agreements and in accordance with FERC affiliate pricing rules and regulations.
- (7) Duke Energy Ohio, upon request from a customer, shall provide a complete list of all Certified Suppliers operating on the system, but shall not endorse any Certified Suppliers nor indicate that any Certified Supplier will receive preference because of an affiliate relationship.
- (8) Duke Energy Ohio shall not engage in joint advertising or marketing activities with an affiliate, nor allow an affiliate to use its name or logo in any advertising, promotion or marketing activity.
- (9) Duke Energy Ohio shall provide comparable access to products and services related to tariffed products and services, and specifically comply with the following:
  - a) Duke Energy Ohio shall not unduly discriminate in the offering of its products and/or services;
  - b) Duke Energy Ohio shall apply all tariff provisions in the same manner to the same or similarly situated entities, regardless of any affiliation or non-affiliation;
  - c) Duke Energy Ohio shall not, through a tariff provision, a contract, or otherwise, give its affiliates preference over nonaffiliated competitors of retail electric service or their customers in matters relating to any product and/or service;
  - d) Duke Energy Ohio shall strictly follow all tariff provisions;

- e) Except to the extent allowed by state law, Duke Energy Ohio shall not provide discounts, rebates, or fee waivers for any state regulated monopoly service.
- (10) Shared representatives or shared employees of Duke Energy Ohio and its affiliated electric services company shall clearly disclose upon whose behalf their public representations are being made when such representations concern the entity's provision of electric services.

### C. Limited Exception

Notwithstanding the foregoing, in a declared emergency situation, Duke Energy Ohio may take actions necessary to ensure public safety and system reliability. Duke Energy Ohio shall maintain a log of all such actions that do not comply with the Code of Conduct provisions, which log shall be subject to review by the Public Utilities Commission of Ohio.

#### D. Violations

Violations of this Code of Conduct may subject the violating employee, consultant or independent contractor to disciplinary action up to and including discharge from employment.

### VII. A DESCRIPTION OF ANY JOINT ADVERTISING AND/OR JOINT MARKETING ACTIVITIES BETWEEN THE UTILITY AND AFFILIATE.

In order to ensure compliance with corporate separation rules and regulations, Duke Energy Ohio does not plan to jointly advertise or market with its non-regulated affiliates. If that position changes, Duke Energy Ohio will advise the Commission Staff. Duke Energy Retail Sales (DERS) is a registered competitive retail electric service provider in the State of Ohio. It is a subsidiary of Duke Energy Corporation and an affiliate of Duke Energy Ohio. Duke Energy Ohio will not engage in joint marketing with DERS.

Duke Energy Corporation has in place several policies to protect its company brand. To best position the company for future growth and create value for all stakeholders, its franchised electric and gas utilities will use a single company name – Duke Energy. Some employees and executives who interact with state regulatory commissions and other official agencies will identify their businesses as Duke Energy Carolinas, Duke Energy Indiana, Duke Energy Ohio and Duke Energy Kentucky. Signs at facilities, logos on vehicles, uniforms and hard hats, language on our Web sites and other communications will simply use "Duke Energy."

The geographic identifiers (e.g. Duke Energy Ohio) are to be used in the following applications:

• Regulatory filings in the franchised jurisdictions and in other public documents (press releases, fact sheets, etc.) referring to those filings, and on reports specific to the utility that are presented to regulators and for limited internal uses. Examples are financial reports, customer data, etc.

• Business cards, stationery of large customer/regulator/legislator-facing employees in the respective utility organizations (for simplicity, this applies to all employees in the organizations reporting to the utility presidents).

Other, non-regulatory-driven communications, publications, brochures and reports should refer to Duke Energy only and use the Duke Energy logo. Such communications may describe regional operations: for example, an economic development brochure might refer to "doing business in the Carolinas" or a regulatory report might refer to the company's "Indiana operations." Geographic identifiers should be avoided in these uses. Geographic identifier logos should not be used on hard hats, vehicles, signage or logo merchandise.

Marketing Communications researches trademarks and reviews and approves all new names and logos. Logos are based on the common, not legal, name of the business unit.

- All energy-related business units use the corporate name and logo as their primary identifiers, with the business unit name as a secondary identifier.
- Subsidiaries of energy-related business units use the corporate name and logo as their primary identifiers, with the subsidiary name as the secondary identifier.
- Energy-related business formed from joint ventures use the corporate name and logo only
  when the business's practices, policies and approaches mirror those of Duke Energy.
- Newly formed businesses use names and logos established on a case-by-case basis.

### VIII. PROVISIONS TO MAINTAIN THE COST ALLOCATION MANUAL.

Duke Energy Ohio maintains its CAM in accordance with O.A.C. §4901:1-20-16(J)(8). The CAM is organized according to the aforementioned provision and includes the following information:

- (1) An organization chart of the holding company, depicting all affiliates, as well as a description of activities in which the affiliates are involved.
- (2) A description of all assets, services, and products provided to and from the electric utility and its affiliates.
- (3) All documentation including written agreements, accounting bulletins, procedures, work order manuals, or related documents, which govern how costs are allocated between affiliates.
- (4) A copy of the job description of each shared employee.
- (5) A list of names and job summaries for shared consultants and shared independent contractors.
- (6) A copy of all transferred employees' (from the electric utility to an affiliate or vice versa) previous and new job descriptions.
- (7) A log detailing each instance in which the electric utility exercised discretion in the application of its tariff provisions.
- (8) A log of all complaints brought to the electric utility regarding this chapter.
- (9) A copy of the minutes of each board of directors meeting, where it shall be maintained for a minimum of three years.

Duke Energy Ohio has established a CAM team comprised of representation from Duke Energy's various departments including Rates, Regulatory Accounting, Corporate Accounting, Human Resources (HR), Compliance and Legal. After initial development of the CAM, this team meets periodically to review changes to Duke Energy Ohio's and its affiliates' business and business practices, and will make the necessary modifications to the CAM. Duke Energy Ohio

will send to the Commission's director of utilities department, in accordance with O.A.C. 4901:1-20-16(J)(8), a summary of any significant changes in the CAM every twelve months, as applicable.

Duke Energy Ohio will keep CAM filed with its corporate entity records, located in the Legal Department, 25<sup>th</sup> Floor, Atrium II, Cincinnati, OH.

### IX. A DESCRIPTION AND TIMELINE OF ALL PLANNED TRAINING AND EDUCATION.

Duke Energy Corporation maintains a Corporate Compliance Department as part of its Office of General Counsel. Corporate Compliance is responsible for ensuring that Employees receive required training in areas such as FERC Standards of Conduct, FERC Affiliate Restrictions (formerly known as FERC Code of Conduct), Duke Energy's Code of Business Ethics, and various state codes of conduct. Corporate Compliance maintains copies of this training on the Duke Energy Portal, an internal website for all employees in the Duke Energy Corporate holding company structure. FERC Standards of Conduct and Affiliate Restrictions training is required for most new employees, and those employees receive that training on an annual basis thereafter. Code of Business Ethics training occurs upon hiring of a new employee and thereafter on a periodic basis, and when standards are revised.

The Ohio Corporate Separation/Code of Conduct Training will consist of the following steps:

### 3<sup>rd</sup> Quarter 2009

- Needs Assessment determine the specific needs of each of the target audience groups;
- 2. Refine curriculum and produce training materials;
- 3. Create roster of all employees in each target audience group.

### 4<sup>th</sup> Quarter 2009

- 4. Schedule training sessions for each target audience group;
- 5. Computer-based Code of Conduct training sessions;

Conduct follow-up and periodic training to ensure all targeted employees
have received and thoroughly understand the Corporate Separation and
Code of Conduct rules.

Additionally, the training will be repeated on a periodic, as-needed basis, as determined by Corporate Compliance to ensure that employees update and maintain their knowledge of Corporate Separation and Code of Conduct issues. Finally, this training curriculum will be built into Duke Energy Corporation's New Employee Orientation training such that targeted new employees will receive the necessary training on Corporate Separation and Code of Conduct policies and procedures as well.

X. A COPY OF THE POLICY STATEMENT TO BE SIGNED BY ELECTRIC AND AFFILIATE EMPLOYEES WHO HAVE ACCESS TO ANY NONPUBLIC ELECTRIC UTILITY INFORMAITON.

### **Policy Statement**

Each employee who has access to any nonpublic electric utility information will be required to electronically sign the Corporate Separation Policy Statement attached below. This will be administered during the computer-based training sessions to ensure that all affected employees electronically sign this agreement.

# DUKE ENERGY OHIO CORPORATE SEPARATION POLICY STATEMENT

I hereby acknowledge that I am aware of, have read and will adhere to all policies and procedures regarding limitation on the use of nonpublic electric utility information. I also hereby acknowledge that failure to observe these limitations will result in appropriate disciplinary action.

I have also been made aware of Duke Energy Ohio's Cost Allocation Manual (CAM), including the appropriate costs and expenses which must be reported to the person in charge of Duke Energy Ohio's CAM. I have been given the opportunity to ask questions regarding Duke Energy Ohio's Corporate Separation Plan, Affiliate Code of Conduct and CAM and understand the compliance program included therein, including the appropriate method in which complaints are to be handled and the appropriate persons to whom possible violations should be reported. I have attended one or more training sessions offered by Duke Energy Ohio with regard to the implementation and operation of Duke Energy Ohio's Corporate Separation Plan.

## XI. A DESCRIPTION OF TRAINING, INTERNAL COMPLIANCE MONITORING PROCEDURES AND METHODS FOR CORRECTIVE ACTION FOR NON-COMPLIANCE.

Corporate Separation/Code of Conduct Training plan has been designed to ensure that all employees throughout the Duke Energy Corporation holding company structure know and can implement the policies and procedures of Corporate Separation.

### A. Training Goal:

The goal of the Corporate Separation/Code of Conduct Training is to ensure that those employees that may currently or in the future be affected by the Commission's rules thoroughly understand the policies and are provided with the resources they require to follow the Corporate Separation and Code of Conduct procedures.

The training will be provided not only to currently affected employees, but, on an on-going basis, will be provided to those new employees or employees who have become affected through changes in job responsibilities. A process to track changes in employees' job responsibilities, in order to ascertain whether they require this training, will be maintained by Duke Energy's Corporate Compliance Department.

### B. Target Audience:

Generally, the Corporate Separation/Code of Conduct Training will be administered to all employees within the Duke Energy Corporation holding company structure who will be affected by compliance with the Commission's rules. Specifically, these employees include but are not limited to:

 Those employees having decision-making authority for approving transactions between Duke Energy Ohio and any of its affiliates;

- Those employees who have access to nonpublic Ohio electric utility information;
- Service company employees who are located in Ohio.

### C. Curriculum:

The Corporate Separation/Code of Conduct Training curriculum generally will consist of the following:

- Present Overview of Corporate Separation/Code of Conduct;
- Explain Accounting Treatment of Affiliate Transactions, including review of SEC-approved Service Agreements;
- Identify Restrictions on Financial Arrangements;
- Discuss Duke Energy Ohio's Affiliate Code of Conduct;
- Explain Corporate Separation Complaint Procedures;
- Describe Cost Allocation Manual (CAM) and Associated Procedures;
- Explain Internal Compliance Monitoring, including reporting of possible violations.

The curriculum will be customized to the target audience. For example, emphasis will be placed on the Cost Allocation Manual in training employees in the accounting department.

### D. Internal Compliance Monitoring:

To ensure that Duke Energy Ohio's Corporate Separation Plan and Affiliate Code of Conduct are properly implemented within the Duke Energy Corporation holding company structure, the following internal compliance monitoring process will be followed:

- Duke Energy's Office of General Counsel will ensure that all affected employees receive the Corporate Separation/Code of Conduct Training;
- After receiving the training described above, each employee will be required to attest to the Policy Statement contained in Section X of this document;
- 3. Duke Energy's Office of General Counsel will continue to provide a method for Employees to ask questions regarding the Corporate Separation/ Code of Conduct as well as the ability to report possible violations of the Corporate Separation and Code of Conduct Rules through posting of Compliance personnel contact information on the Duke Energy Portal, the "ComplianceReporting" mailbox, and through the "EthicsLine" (anonymous reporting).
- 4. Possible violations reported to Duke Energy's Office of General Counsel will be investigated and documented. Upon completing the investigation, Duke Energy's Office of General Counsel will, if

- appropriate, recommend to senior management a course of action, including refresher training, to correct repeat violations;
- Senior management, upon reviewing the investigative report, will determine whether disciplinary action is required.

(REMAINDER OF PAGE INTENTIONALLY LEFT BLANK)

48

XII. DESIGNATION OF THE ELECTRIC UTILITY'S COMPLIANCE OFFICER.

Duke Energy Corporation maintains a Corporate Compliance department within its Office of General Counsel. For purposes of this requirement, Duke Energy Ohio has designated an individual to act as a contact for the Commission Staff when seeking data regarding affiliate transactions, personnel transfers, and sharing of employees. This individual is:

Elizabeth H. Watts 155 East Broad Street 21st Floor, Columbus, Ohio 43215

Telephone:

(614) 221-7551

Fax:

(614) 221-7556

e-mail:

Elizabeth.Watts@duke-energy.com

## XIII. A DETAILED DESCRIPTION OUTLINING HOW THE ELECTRIC UTILITY AND ITS AFFLIATES WILL COMPLY WITH OAC 4901:1-37-05.

Pursuant to the approval Stipulation and Recommendation in Case No. 08-920-EL-SSO, Duke Energy Ohio's corporate separation plan is subject to annual audit. Such an audit will enable the Commission to confirm Duke Energy Ohio's compliance with its internal Plan and the rules pursuant to which that Plan was developed.

## XIV. A DETAILED LISTING OF THE ELECTRIC UTILITY'S ELECTRIC SERVICES AND THE ELECTRIC UTILITY'S TRANSMISSION AND DISTRIBUTION AFFILIATES' ELECTIC SERVICES.

Duke Energy Ohio is an Ohio Corporation engaged in the business of supplying electric generation, transmission and distribution service to approximately 660,000 customers in southwestern Ohio, and is a public utility as defined by R. C. 4905.02 and R. C. 4905.03. Duke Energy Ohio provides competitive retail electric service to customers in its service territory pursuant to a Commission approved Standard Service Offer in the form of an Electric Security Plan ("ESP"). Duke Energy Ohio also provides regulated electric distribution service to its customers in Southwestern Ohio.

### A. Generation:

In a Stipulation reached in Case No. 08-920-EL-SSO, establishing Duke Energy Ohio's Electric Security Plan ("ESP") price through 2011, Duke Energy Ohio agreed to continue to own and dedicate its "legacy Cinergy" generation assets to its Ohio-customers and not transfer those assets to an exempt wholesale generation ("EWG").<sup>3</sup> Duke Energy has functionally separated the operation and maintenance of its generating portfolio from its regulated distribution service. As such, Duke Energy Ohio, as a regulated electric distribution company, treats its generation as a non-regulated affiliate and abides by both the FERC Standards of Conduct and Ohio's code of conduct.

#### B. Transmission:

Control of Duke Energy Ohio's transmission assets reside with a FERC approved transmission entity, the Midwest Independent System Operator (Midwest ISO). The

<sup>&</sup>lt;sup>3</sup> Duke Energy Ohio is permitted to transfer certain gas-fired generating assets that have become referred to as "Legacy Duke Energy North America [DENA]" generating assets.

Midwest ISO controls Duke Energy Ohio's transmission assets and does not have control of any generation assets. The transmission entity shall operate in the public interest by preventing any transmission owner or competitive retail electric market participant from gaining an unfair competitive advantage within the Midwest ISO control area and by preventing the abuse of market power.

The Midwesst ISO shall operate in the public interest by implementing efficient operating practices and procedures that prevent pan-caking, by improving transmission reliability, by encouraging an open generation market, eliminating barriers to entry in the generation market and by eliminating market control over bottlenecked transmission. The Midwest ISO shall be large in scale to increase supply options for consumers and shall maintain a Board of Directors independent of transmission users. The transmission entity shall operate in a manner designed to satisfy the requirements of its customers and shall maintain real-time reliability of the transmission system that it operates.

### C. Distribution:

Duke Energy Ohio shall operate its distribution system under the governance and rate authority of the Commission. Duke Energy Ohio shall offer all customers safe and reliable distribution service on a non-discriminatory basis. Duke Energy Ohio's unbundled tariffs shall define rates for its distribution services and products. Duke Energy Ohio shall provide and operate new distribution facilities, or the extension of distribution facilities, pursuant to such unbundled tariffs and will not provide non-tariffed products and services absent Commission approval. Non-tariffed products and service offerings will be offered through non-regulated affiliates.

### XV. A COMPLAINT PROCEDURE TO ADDRESS ISSUES CONCERNING COMPLIANCE WITH OAC 4901:1-37-05.

Duke Energy Ohio has adopted the complaint procedure set forth below. This complaint procedure is to be used to address complaints related to compliance with Duke Energy Ohio's Corporate Separation Plan. A copy of this complaint procedure will be made available upon request to:

Associate General Counsel – Regulatory Section Duke Energy Ohio, Inc 139 East Fourth Street P. O. Box 960 Cincinnati, OH 45202

### A. Complaint Procedure

The following complaint procedure is to be used to address complaints related to compliance with Duke Energy Ohio's Corporate Separation Plan.

- All complaints, whether written or verbal, shall be referred to the compliance officer designated by Duke Energy Ohio or their designee.
- The compliance officer, or its designee or designee shall orally acknowledge the complaint within five working days of its receipt.
- 3. The compliance officer or its designee or designee shall prepare a written statement of the complaint that shall contain the name of the complainant and a detailed factual report of the complaint, including all relevant dates, companies involved, employees involved, and the specific claim.
- 4. The compliance officer or designee shall communicate the results of the preliminary investigation to the complainant in writing within thirty days

- after the complaint was received, including a description of any course of action that was taken.
- 5. All written statements of complaints and required investigations shall keep a file in the CAM, in accordance with paragraph (J) of O.A.C. 4901:1-20-16, of all such complaint statements for a period of not less than three years.
- 6. This complaint procedure shall not in any way limit the rights of a party to file a complaint with the commission.
