Re: Case No. 99-1170-TP-DTA

To Whom It May Concern:

This letter provides notice that KMC Telecom, Inc. is not operational in Ohio, but will be so in the near future. As such we have no information to report on the attached forms pursuant to Case No. 99-1170-TP-DTA.

If further information is required at this time please contact me at:

John Evans
State Regulatory Manager
KMC Telecom, Inc.
3025 Breckinridge Blvd, Suite 170
Duluth, GA 30096

Phone 770.931.5276
Fax 770.638.6796
Cell 678.296.5566

Sincerely,

J. R. Evans
State Regulatory Manager

This is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business.

BEFORE

THE PUBLIC UTILITIES COMMISSION OF OHIO

In the Matter of the Commission's Collection)
Of Data with Respect to the Provision of) Case No. 99-1170-TP-DTA
Service by New Entrant Carriers.)

ENTRY

The Commission finds:

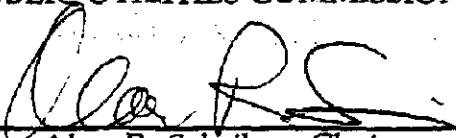

- (1) On October 7, 1999, the Commission ordered all certified new entrant carriers (NECs) to file certain information to allow the Commission to more readily respond to Ohio's telephone consumers regarding the availability of service in specific areas of the state. The initial submission of data was due on or before November 15, 1999, with subsequent submissions due biannually on March 15 and September 15 each year.
- (2) In accordance with the October 7, 1999 Entry, 27 NECs filed the information requested. Based upon the Staff's experience in trying to work with that data, the Commission has determined that revisions to both the instructions and the form are necessary.
- (3) In particular, those companies that do have exchange data to report will be required to provide that data in an electronic format in addition to a hard copy. Further, the required form has been modified to work better with the data software. More detailed instructions are included on Revised Appendix A to this entry.
- (4) NECs are reminded that the data is to be submitted in the exact format included with Revised Appendix A, and that all instructions are to be followed explicitly.
- (5) As specified in the Commission's October 7, 1999 Entry, the next filing of the NEC data is due March 15, 2000.

It is, therefore,

ORDERED, That in accordance with the foregoing findings, NECs certified to provide service in Ohio shall provide responses to the questions presented in Revised Appendix A on March 15 and September 15 each year. It is, further,

ORDERED, That copies of this Entry be served upon all NECs certified in Ohio.

THE PUBLIC UTILITIES COMMISSION OF OHIO

Alan R. Schriber, Chairman

Secretary

REVISED APPENDIX A
February 10, 2000

INSTRUCTIONS:

Due dates: The attached data is required to be filed in this docket twice each year, on March 15 and September 15. Send the hard copy of the information to:

Public Utilities Commission of Ohio
Docketing Division - 10th Floor
180 East Broad Street
Columbus, OH 43215

Format: Each new entrant carrier (NEC) is required to provide the information in the exact format provided in the attached form. An electronic version of the data is also required, as described further below. Information is to be provided on an exchange basis, with an "X" placed in all applicable cells. Exchanges where none of the fields are applicable to your company should be left blank. If your company is not operational nor ready to provide service in any exchange, or for subsequent filings after the March 15, 2000 filing where no changes have occurred since the previous report, a letter to the Docketing Division citing Case No. 99-1170-TP-DTA will suffice.

- Use the revised electronic form, which has a single column of data by exchange per page.
- Use the set format on the electronic spreadsheet; do not alter.
- Type only one "X" in each appropriate cell – do not use formulas to enter data.
- Check only exchanges where service is actually currently operational or available (please refer to the Data Field Definitions, below, for further information).
- If the data included on the hard copy of the form indicates that you are currently operational or have services available, then an **electronic file must also be provided** by Email or by providing a floppy disk.
- Electronic copies of the blank form can be obtained from the Commission's Docketing Department on disk or downloaded from our web site at <http://www.puc.state.oh.us/OHIOUTIL/telecom/necdata/NECdata.xls>.
- Electronic copies of your completed survey form should be Emailed to: NECarea@puc.state.oh.us.
- If filing using a floppy disk, include it with the hard copy filing to be sent to Docketing and:

- add your company name to the disk
- also mark the disk "Attention: Bill Groves"

Company Information: As depicted on the form, the first page of the data shall contain the NEC's name (including dba, if applicable), its certificate number, Case No. 99-1170-TP-DTA, the date the material was prepared, and the mailing address, phone number and the Email and web site address (if available) that consumers can utilize to obtain information about your service offerings.

Data Field Definitions:

1. **Operational:** This field is for those exchanges where the NEC is actually providing local exchange service to at least one customer.
2. **Available:** This field is for those exchanges where the NEC has authority to provide service (which includes a certificate, approved tariff, and interconnection agreement(s) that covers each exchange reported), and is able to provide service, but has not yet obtained a customer.

NOTE: Do not check off anything in items 3 through 6 unless you are either currently actually operational or available to provide service in the specific exchange(s).

3. **Resale:** Check off this field if you are providing or stand ready to provide service in the exchange, in whole or in part, through total service resale of the incumbent local exchange carrier's service or via UNE platform.
4. **Facilities:** Check off this field if you are providing or stand ready to provide service in the exchange, in whole or in part, through your own switch.
5. **Business:** Check this field if you are providing or stand ready to provide (with appropriate tariffs in place) service in the exchange to business customers.
6. **Residential:** Check this field if you are providing or stand ready to provide (with appropriate tariffs in place) service in the exchange to residential customers.

You may find it helpful to refer to our telephone exchange maps on our web site, which is located at: <http://www.puc.ohio.gov/pucogis/UTAREA..HTM>.
