Photos inclosed are of Columbia Gas finishing up multiple gas leaks they had been repairing under cover of darkness. They have been owrking at night to hide every 4 in ch main gas line in every neighborhood has multiple leaks.

The bill for damages by columbia Gas, also enclosed, is documentation this has been going on for at least 14 years.

This is one reason for them over billing.

To Whom It May Concern:

The following is an invoice whereby I'm charging your firm for labor and materials to repair my lawn at 501 Buena Vista Blvd., Staubenville, Ohio, which was damaged by Columbia's pipe laying crew. When they dug out the old pipe and laid the new one, they placed the top soil in the bottom of the ditch and filled the ditch to the top with stones, broken concrete pieces, debris or whatever and not fit for grass seeding. I in turn dug out (by hand) this top six inches of "junk" and wheeled it away, replaced same with topsoil, planted grass seed and then covered the entire area with peat moss.
