RECEIVED-DOCKETING DIV

I hereby order you to withdraw this complaint you made in my behalf for the following reasons:

1. I have become ill. I do not have the proper amount of time needed to devote to this case and attempting to do so has resulted in my ill health. Our first and last meeting I had a fever, headache, pain and I was exhausted.
2. I was under the impression PUCO was bringing suit and providing the attorney.
3. PUCO lied to me by convincing me our meeting would be casual, not legal and was intended to resolve problems. But instead I was ambushed by four people with legal counsel.
3. This hearing became null and void when attorneys for NiSource attended with the pretense of not resolving problems. Their only intent all alongs was to intimidate me, insult me, find out as much about my case as possible so they could falsify documents and fabricate excuses to bolster their own case.
4. I have never in my life met such slimy dirty lying bastards as Rodney Anderson and Carol Wilson. I would love to take them to task in court if I had the time but on the other hand I really don't want to waste another moment of my life with this low life scum. And I figure since Rodney must lie and cheat and steal for a living and put up with another liar and thief Carol they are already in a little Hell of their own making and I will leave them to it. I surely don't want to break up their affair or be dragged into it.

All four of you jumped on me for not proving my case when in fact I did. I caught Carol contidicting herself when she said the year I lived in this house was consistance in charges for the previous two years when I was heating only three rooms with one furnace as opposed to the previous owner heating several rooms with two furnaces blasting constantly.

It is clear Carol switched names on the account because she was the only one I was allowed to speak to and she continuously does things and puts words in everyones mouth and never wants to take responsibility for her actions. Clearly NiSource put Carol in that position because she is a black, female, idiot they are setting up as a scapegoat when they need one. I did not put that account in my name. Clearly Carol Wilson is a dishonest liar and Rodney deserves her.

This is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in accordance with course of business

It was clear Rodney Anderson had no intent of "resolving problems" every time I corrected Carol or proved her wrong he jumped in with an insulting lie claiming just the opposite of the facts. He would lie saying the records they sent me were my records that I made up. When actually they were NiSource records that conflicted with the recent records falsified by Anderson and Wilson. So it is clear he had no intent to resolve problems. The entire meeting at the offices of PUCO was a sham and you let it happen. You let it turn into a sham.

All of you can puff out your chest that you are doing your part to ruin the life of another good hearted, hard working individual like me but don't even kid yourself to think people respect you. They know you are the low life scum of this earth. No way should Anderson or Wilson be allowed to have any authority or power over anyone else's life the way they do.

I have lived in other states in homes heated by other gas companies and never had these problems. So none of the relentless lies told by Anderson and Wilson can convince me I am wrong. But they have convinced me that I never want to see their ugly faces and never want to hear their voices nor waste another moment of my life on them.

So withdraw any complaints you made against them on my behalf.

The way you slimeball bastards worked me over you must be brethren in a Freemasonic lodge.
