Re: NOS Communications, Inc. – Revision to its Local Ohio P.U.C. Tariff No. 3

Case No. 90-9017-TP-TRF

Ms. McCauley:

On behalf of NOS Communications, Inc. ("NOS"), we hereby submit an original and ten (10) copies of revisions to NOS's Local Ohio P.U.C. Tariff No. 3. The material consists of tariff pages as indicated on the following check sheets:

- Fifth Revised Page No. 2

As discussed with Doug Wile of your office, this filing is being made to correct a previous filing made on July 10, 2009. It is the intent this filing to bring NOS Communications' tariff back to its correct and current tariff currently in effect. No customers have been affected by this filing.

Please date-stamp the extra copy and return it in the enclosed postage-prepaid envelope. Should you have any questions with respect to this matter, please contact me directly at (702) 547-8486.

Respectfully submitted,

Jessica Renneker
Director of Regulatory Affairs

Section III. – Attestation

Registrant hereby attests to its compliance with pertinent entries and orders issued by the Commission.

AFFIDAVIT

Compliance with Commission Rules and Service Standards

I am an officer/agent of the applicant corporation, Jessica Renneker, and am authorized to make this statement on its behalf.

I attest that these tariffs comply with all applicable rules, including the Minimum Telephone Service Standards (MTSS) Pursuant to Chapter 4901:1-5 OAC for the state of Ohio. I understand that tariff notification filings do not imply Commission approval and that the Commission's rules, including the Minimum Telephone Service Standards, as modified and clarified from time to time, supersede any contradictory provisions in our tariff. We will fully comply with the rules of the state of Ohio and understand that noncompliance can result in various penalties, including the suspension of our certificate to operate within the state of Ohio.

I declare under penalty of perjury that the foregoing is true and correct.

Executed on July 17, 2009

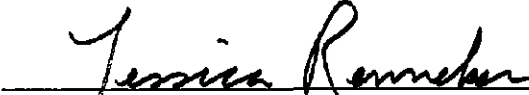

at 4380 Boulder Highway, Las Vegas, NV 89121

SECTION 3 - DESCRIPTION OF SERVICES (Cont'd)

3.3 Miscellaneous Local Features

3.3.1 Busy Line Verification and Interrupt Service

Busy Line Verification and Interrupt Service, furnished to the extent facilities permit, provides the customer with the following options:

3.3.1.A Busy Line Verification: Upon request of the calling party, the Company will determine if the line is clear or in use and report to the calling party.

3.3.1.B Busy Line Verification and Interrupt: The operator will interrupt the call on the called line only if the calling party indicates an emergency and requests interruption.

3.3.2 Call Blocking Features

A calling party may block their telephone number, associated main listed name and voiceback of calling identification information to users or subscribers to customer calling features utilizing SS7 technology. Blocking will also prevent call completion through the use of Return Call service. Customers have three blocking options: (1) Per Call Blocking, (2) Per Line Blocking, or (3) Class Call Blocking. These features allow the end-user to automatically block incoming calls from up to six Customer pre-selected telephone numbers (including numbers from which a Customer has just received a call. The list of numbers can be changed at any time. Callers whose numbers have been blocked will hear a recorded message and no usage charges will apply. The calling party's number will not be delivered or announced to the call recipient under any circumstances.

3.3.3 Calling Card Services

The Company's Calling Card Services are offered to Customers of its local exchange and long distance services. The Company's Calling Card Services are accessed by dialing a toll-free number and entering the Calling Card Number (area code, phone number, and PIN).

SECTION 3 - DESCRIPTION OF SERVICES (Cont'd)

3.7 Miscellaneous Local Features (Cont'd)

3.3.4 Touch Dial Calling Service

Touch dial calling service provides for the origination of telephone calls through the use of pushbuttons transmitting alternating currents in lieu of rotary dial or push buttons transmitting direct current. The service is furnished for use with individual and two-party central office lines, and with residential exchange service lines. It may be furnished to either one or both subscribers on a two party line. Touch dial calling service requires special central office equipment and will be provided only from central offices where facilities are available.

3.3.5 Directory Assistance

Provides for identification of telephone directory numbers, via an operator or automated platform. Customers are provided with a maximum of 2 listings per each call to Directory Assistance.

3.3.6 Directory Assistance Call Completion

Directory Assistance Call Completion Service provides the Customer with the ability to use a directory assistance operator to provide listing information and to automatically dial the number requested.

SECTION 3 - DESCRIPTION OF SERVICES (Cont'd)**3.7 Miscellaneous Local Features (Cont'd)****3.3.7 Directory Listings**

For each Customer of Company-provided Exchange Service(s), the Company shall arrange for the listing of the Customer's main billing telephone number in the directory(ies) published by the dominant Local Exchange Carrier in the area at no additional charge. Directory listings are provided in connection with each Customer service as specified herein. The Company reserves the right to limit the length of any listing in the directory by the use of abbreviations when, in its judgment, the clearness of the listing or the identification of the Customer is not impaired thereby. When more than one line is required to properly list the Customer, no additional charge is made. The following types of listings will be made available: (1) primary; (2) additional; (3) non-published; (4) non-listed; (5) alternate call; and (6) reference.

3.3.8 Local Number Portability

Local Number Portability End User charge is a pass-through charge assessed to recover the authorized FCC charges incurred by the Company from the incumbent local exchange carrier ("ILEC") related to the provision of long-term number portability. The Local Number Portability End User charge is assessed per the local exchange service line and will be passed through to the customer during the authorized recovery period, which will not exceed the authorized recovery period of the ILEC.

SECTION 3 - DESCRIPTION OF SERVICES (Cont'd)

3.4 Custom Calling Features

3.4.1 Automatic Call Return/*69: Enables a Customer to automatically return the last incoming Call. To return the call, the Customer dials a feature Code and the number is dialed automatically. If the called line is busy, a 30-minute queuing process begins. The Customer is then given an indication that the network will attempt to set up the Call when the called line is idle.

3.4.2 Busy Number Re-dial: This feature automatically redials another party's phone number after the Customer's first attempt to connect to that number resulted in a busy signal. The line is checked every 45 seconds for up to 30 minutes and alerts the Customer with a distinctive ringing pattern when the busy number and the Customer's line are free. The Customer can continue to make and receive other calls while the feature is activated.

- 3.4.11 Call Return: Enables a Customer to automatically return the last incoming Call. (D)
- 3.4.12 (D)
- 3.4.13 Call Waiting: Permits the End-User engaged in a call to receive a tone signal indicating a second call is waiting and, by operation of the switch hook, to place the first call on hold and answer the waiting call. The Customer may alternate between the two calls by operation of the switch hook, but a three-way conference call cannot be established. Feature may be used in conjunction with Caller ID (Caller ID Intercept).
- 3.4.14 Cancel Call Waiting: Allows the User, on a per-Call basis, to cancel the Call Waiting function by dialing *70 before making a call.

SECTION 3 - DESCRIPTION OF SERVICES (Cont'd)**3.5 Maintenance and Installation Charges****3.5.1 Maintenance Visit Charges**

Maintenance Visit Charges apply when the Company dispatches personnel to a Customer's premises to perform work necessary for resolving troubles reported by the Customer and the trouble is found to be caused by the Customer's facilities. The time period for which the Maintenance Visit Charges is applied will commence when Company personnel are dispatched at the Customer premises and end when work is completed. The rates for Maintenance of Service vary by time per Customer request. Prior to visiting a customer premise, where applicable, the Company shall first inform Customers who call with service problems of the network interface device ("NID"), as well as inform these Customers of how to use the NID to isolate trouble to the inside or outside line. If there is no NID at the customer's premises or it is inaccessible to the customer, no maintenance charges shall apply for Company personnel to visit the Customer's premises for purposes of conducting diagnostics to determine the location of the problem. Should the problem be identified as caused by the Customer's facilities, however, charges shall apply for all work subsequently conducted in the Customer's premises.

3.5.2 Service/Installation Ordering Charge

This charge applies to receiving, recording and processing Customer requests for work to be done in connection with the same service at the same time at one or more locations of that service. It has three possible applications: (1) connection new or additional exchange access lines; (2) move or change existing service and equipment or add new or additional service and equipment other than exchange access; (3) record type only change.

SECTION 3 - DESCRIPTION OF SERVICES (Cont'd)

3.9 Maintenance and Installation Charges (Cont'd)

3.5.3 Non-Routine Installation

At the Customer's request, installation and/or maintenance may be performed outside the Company's regular business hours or in unusual locations. In such cases, charges based on cost of the actual labor, material, or other costs incurred by or charged to the Company will apply. If installation is started during regular business hours but, at the Customer's request, extends beyond regular business hours into time periods including, but not limited to weekends, holidays, and/or night hours, additional charges may apply.

3.5.4 Central Office Exchange Access Line Charge

This covers work associated with the line extending from the serving central office up to and including the Rate demarcation Point on the customer's premises. Major work functions are central office cross-connect work, work done with distribution facilities outside of the central office, and connection of drop wire to the protector at the Customer's premises.

3.5.5 Element Service Charges

Element Service Charges for work activities performed in connection with Channel Service are charged for at business rates except for orders for residence foreign central office district and foreign exchange services.

SECTION 3 - DESCRIPTION OF SERVICES (Cont'd)

3.6 Miscellaneous Services Charges

3.6.1 Reconnection

Reconnection charges occur where service to an existing Customer has been disconnected for proper cause, and the Customer desires to resume service with the Company. If service has been discontinued for proper cause and where a Customer desires reconnection, the Customer will be charged a fee to defray the cost of providing service.

3.6.2 Missed Appointment Charge

When the Company and the Customer have agreed to an installation date and time, and the Customer is not available at the premises to allow for installation of service at the appointed time, a Missed Appointment Charge will apply. Customers may not cancel or change installation dates or times on less than 48 hours notice to the Company unless otherwise agreed to by the Company. The Missed Appointment Charge shall not apply where the trouble is isolated to the outside.

3.6.3 Bad Check Charge

If payment for Service is made by a check, draft, or similar instrument (collectively "Check") that is returned to the Company unpaid by a bank or other financial institution for any reason, the Company may bill the Customer a returned check charge. In addition, the Customer may be required to replace the returned Check with a payment in cash or equivalent to cash, such as cashier's check, certified check or money order.

3.6.4 Late Payment Fee

A late payment fee of 1.5% will be applied to service charges not paid by the due date of the bill. The late payment fee will not be applied to previous late payment charges that have been assessed but remain unpaid, but will apply to the accumulated amount for which the Customer is in arrears.

3.7 Promotional Service Offerings

From time to time, the Company may offer services or waive or vary service rates for promotional, market research or other similar business purposes.
