Minimum Telephone Service Standards

I am an officer of the applicant corporation, Sprint Communications Company, L.P., and am authorized to make this statement on its behalf. I attest that these tariffs comply with the Minimum Telephone Service Standards (MTSS) for the state of Ohio. I understand that the Minimum Telephone Service Standards, as modified and clarified from time to time, supercede any contradictory provisions in our tariff. We will fully comply with the rules of the state of Ohio and understand that noncompliance can result in various penalties, including the suspension of our certificate to operate within the state of Ohio.

I declare under penalty of perjury that the foregoing is true and correct.

G. UNITED METALLIC (Note 1)

1. Description

United Metallic service provides a two-wire metallic circuit to be used only for alarm circuits. This type of circuit is also known as a dry pair or a DC (direct current) loop. The design and physical makeup of this two-wire metallic service are not available or applicable for analog or data services.

2. Rates

- a. United Metallic facilities between two points within one Telephone Company exchange area (containing one central office) will incur the following rates and charges for each channel.*

	<u>Monthly Rate</u>
1) First mile or fraction thereof	\$8.00
2) Each additional 1/4 mile or fraction thereof	2.00

- b. United Metallic facilities between two points within one Telephone Company exchange area (containing two or more central offices) will incur the following rates and charges for each channel.**

	<u>Monthly Rate</u>
1) Between contiguous central offices in the same exchange area	\$26.00
2) Between noncontiguous central offices in the same exchange area	42.00

Note 1: Service Grandfathered for customers using two-wire analog for analog or data services.

* Local channel mileage is based upon airline mileage measurement between the location of channel terminals within the serving central office area.

** Local channel mileage beyond the central office is based on airline mileage distance from the central office to the location of channel termination at rates indicated in paragraph 1. Local channel facilities provided beyond both central offices will be based on the sum of local channel mileage at rates indicated in paragraph 1.

United Metallic service among three or more points within one Telephone Company exchange is rated on a per location basis. A charge applies from the central office to each individual location. Each location is rated according to the applicable guidelines in paragraph 1 or 2.

G. UNITED METALLIC (Note 1)

1. Description

United Metallic service provides a two-wire metallic circuit to be used only for alarm circuits. This type of circuit is also known as a dry pair or a DC (direct current) loop. The design and physical makeup of this two-wire metallic service are not available or applicable for analog or data services.

2. Rates

- a. United Metallic facilities between two points within one Telephone Company exchange area (containing one central office) will incur the following rates and charges for each channel.*

	<u>Monthly Rate</u>
1) First mile or fraction thereof	\$8.00
2) Each additional 1/4 mile or fraction thereof	3.25 (1)

- b. United Metallic facilities between two points within one Telephone Company exchange area (containing two or more central offices) will incur the following rates and charges for each channel.**

	<u>Monthly Rate</u>
1) Between contiguous central offices in the same exchange area	\$26.00
2) Between noncontiguous central offices in the same exchange area	42.00

Note 1: Service Grandfathered for customers using two-wire analog for analog or data services.

* Local channel mileage is based upon airline mileage measurement between the location of channel terminals within the serving central office area.

** Local channel mileage beyond the central office is based on airline mileage distance from the central office to the location of channel termination at rates indicated in paragraph 1. Local channel facilities provided beyond both central offices will be based on the sum of local channel mileage at rates indicated in paragraph 1.

United Metallic service among three or more points within one Telephone Company exchange is rated on a per location basis. A charge applies from the central office to each individual location. Each location is rated according to the applicable guidelines in paragraph 1 or 2.
