Now comes Diana Williams to Amend my Complaint. In paragraph 2 of the commissions ENTRY Respondent states that Ohio Edison admits that Complainant is a customer of Receiving electric service . and that it currently maintains an account in the Complainants Name. That statement is blatantly false. I do not maintain an account with Ohio Edison. That is why I filed my complaint initially and they refused to produce any documentation To that effect. This is where my problem stems. Ohio Edison accused me of having An account with them in 1998 an obtained a default judgment against me without My knowledge. of that debt. This fact makes it very difficult to be specific in stating A clear presentation of any facts.. So at this point I will state the facts as clearly As I possibly can. I state the reasonable grounds for this complaint. That the rate, fare charge ,toll , rental, schedule, classification, or service rendered, charged ,demanded,

the law. Or that any regulation, measurement, or practice affecting or relating to any
service furnished by the public utility company or in connection with such service, is or
will in any respect unreasonable, unjust, and inadequate or cannot be obtained.

My motion to be allowed an extension of time to file this amended complaint should be
granted pursuant to my EXHIBIT A. A copy of the envelope that was mailed on
July 7th 2009 which arrive in Akron Ohio on July 15th 2009.
