**AQUA OHIO, INC. NOTICE OF APPLICATION FOR AN INCREASE IN RATES
AND CHARGES BEFORE THE PUBLIC UTILITIES COMMISSION OF OHIO**

Public notice is hereby given that Aqua Ohio, Inc filed with the Public Utilities Commission of Ohio on July 2, 2009 an Application requesting an increase in rates and charges for service rendered and provided in the Masury Division of the Company. The case number of the proceeding before the Public Utilities Commission of Ohio is 09-0560-WW-AIR. Any interested party seeking detailed information with respect to all affected rates, charges, regulations, and practices may inspect a copy of the application including supporting schedules and present and proposed rate sheets at the offices of the Commission at 180 East Broad Street, 13th floor, Columbus, Ohio, 43215-3793, by visiting the Commission's web site at <http://www.puco.ohio.gov>, selecting DIS, inputting 09-0560 in the case look up box, and selecting the date the application was filed, or by phoning the Commission at 1-800-686-7826. Additionally, a copy of the application and supporting documents may be viewed at the company's Boardman's office, located at 6650 South Avenue, Boardman, Ohio 44512. In its Application, Aqua Ohio, Inc alleged that since its last increase in rates and charges (March 23, 2001) its operating income was not sufficient to earn an adequate return on the Company's property dedicated to service. Based on this allegation, the applicant requested that the Public Utilities Commission of Ohio find and authorize the applicant to charge the rates and charges set forth below as "Proposed Rates". Any person, firm, corporation or association may file, pursuant to section 4909.19 of the Revised code, an objection to such increase which may allege that such application contains proposals that are unjust and discriminatory or unreasonable. Recommendations which differ from the application may be made by the Staff of the Public Utilities Commission of Ohio or by the intervening parties and may be adopted by the Commission.

The average percentage increase that a representative residential, commercial, industrial and public customer will bear should the increase be granted in full is:

MASURY DIVISION		
Masury Division	Residential	Commercial
	80.32%	77.86%
