Re: Case No. 09-439-GA-UEX
Glenwood Energy of Oxford, Inc.

Dear Ms. Jenkins:

On May 22, 2009, I filed an Application of Glenwood Energy of Oxford, Inc. for approval of tariffs to recover uncollectible expenses in Case No. 09-439-GA-UEX. Attachment 4 to the Application contained proposed tariffs. The very last page of Attachment 4 which is designated "First Revised Sheet 20" should not have been filed. I request that this page, a copy of which is attached, be deleted from Attachment 4. I regret any inconvenience this may have caused.

Thank you in advance for your cooperation.

Sincerely yours,

Stephen M. Howard

The Company, at its sole discretion, may offer the transportation service specified above at rates that are downwardly flexible from the maximum rates above. Such reduced rates will be determined based on competitive services available to the customer and the Company's need to achieve load preservation or the economic recovery of costs of the Company.

65. New Facilities. Where necessary, and after the customer agrees, the Company will construct all additions, replacements or betterments of its facilities in order to accommodate the volumes of gas delivered to and by the Company on the customer's behalf; the Company will bill the customer for the cost thereof; and the customer agrees to pay such costs within 30 days after receipt of the Company's bill, or as the parties may otherwise agree. The Company shall own all or part of the customer's service line contained within the customer's property at the location where service is to be furnished.

66. Banking. The Company will not be required for any period of time to bank any gas that is delivered to the Company for the account of the customer and which is not consumed by the customer.
