Dear Ms. McCauley:

In response to the Order of May 27, 2009, in the above mentioned cases, please file the attached tariff pages on behalf of Ohio Edison Company. These tariff pages reflect changes to Riders AER, DRR, DUN, GCR, PUR, NDU and DSE and their associated pages.

Please note that the Companies have not yet included for recovery through the DSE2 charge of Rider DSE, energy efficiency and peak demand reduction ("EEPDR") costs incurred through October, 2009, which are relatively nominal. The Companies will be filing by December 15, 2009, their three-year EEPDR compliance plan, and the cost recovery mechanism will be updated in that plan. Given the relatively nominal amounts involved, as well as the fact that Rider DSE will be modified, the Companies have elected to pursue cost recovery in their next scheduled filing, which will occur on or about June 1, 2010, so as to avoid inconsistencies between the two recovery mechanisms. Should the Commission desire or require additional information, please do not hesitate to call me at (330) 761-4200.

Please file one copy of the tariffs in each of the above mentioned Case Nos. 08-0935-EL-SSO, 09-0021-EL-ATA, 09-0022-EL-AEM, 09-0023-EL-AAM and 89-6006-EL-TRF, and two copies to the Staff. Thank you.

Sincerely,

Steven E. Ouellette
