Docketing Case No.: 10-0176-EL-ATA

Notes: We are strongly opposed to the outrageous increase in our electric bill. This is our second all electric home in Chesterland and we opted for the second because of the total-home discount. We are seniors living on a very limited income. We CANNOT afford to live with this kind of expense nor can we afford even a 20% increase. We urge you to make no decision that will impact and increase our financial demands in any form. The destirbution amount has also greatly increased. We want and strongly urge the return of our full discount for the life of the home. It will be impossible for us to sell our home under these circumstances. We are in no position to convert at this point in our lives.

Please docket the attached in the case number above.
