COMMENT DESCRIPTION:

I just read that First Energy has approached you about passing the cost of those compact bulbs on to the customers. Are you kidding me?! I hope you nix that as outrageous. If I buy an outfit that doesn't fit in 6 months, no one is bailing me out! Let them give the bulbs to charities and take them off their taxes then. Also, I hope you reconsider the elimination of the all-electric discount. I contacted Ohio Edison before putting in electric heat and was assured of the discount, and now feel duped. I have given up medications to pay for the higher electric. I also wonder why they don't expect you scheduled budget amount each mo., putting you more in debt with them than if you paid as agreed upon.  
Thank you.
