COMPLAINT DESCRIPTION:

I object to the past and present action of the PUCO & FirstEnergy in eliminating discounts for all-electric homeowners. Notice to the 100,000 customers should have been given before-the-fact; not after you took action. My electric bill has skyrocketed. It was completely disingenuous (bordering on fraud) for FirstEnergy to estimate only a 2-4% billing increase. It is misfeasance (bordering on malfeasance) for the PUCO to accept FirstEnergy's estimate without its own investigation. An 8 year phase-out of discounts is not acceptable. This was a purely political decision - to force "conservation" on all-electric homeowners. What does the PUCO intend to do to reverse this and reimburse bills that have already been paid?
