Docketing Case No.: 10-0176-EL-ATA

Notes: First Energy Illuminating Company has removed the "All Electric" rate - now my bills are twice as high as in the past. We have a modest size house, but at the rates I've been billed over the last 2 months, the electric bill is becoming unaffordable. When I go to the PUCO "Apples to Apples" chart, there are no other options listed. I can not continue to dish out \$500 electric bills - this will have a severe impact on our ability to pay for our day to day living expenses. Something needs to be done to allow all electric customers to continue with the "all electric rate" from First Energy. PUCO needs to step in - or you will force families into a severe financial crisis.

**Please docket the attached in the case number above.**
