Docketing Case No.: 10-0176-EL-ATA

Notes: I was informed that Ohio Edison had a discount program for all electric homes but was not informed that such a program was available when I started my service with them. When I inquired with them they said the program is not available now, only to those they had grandfathered in. I feel that I and all other eligible consumers should be allowed to be in the program since they made no mention of it when I/we started our service. Thank You.

Please docket the attached in the case number above.
