Docketing Case No.: 10-0176-EL-ATA

Notes: I would like to know why the special rate for all electric homes has been eliminated. My electric bill has nearly tripled since last year. I am making 10% less in salary in order to keep my job which makes it very difficult to pay utility bills such as these. My husband and I built a new home in 2004 with no choice but to go all electric. Will customers like us be "grandfathered in" for the special rate or are the new higher rates permanent. If you ask me, this is highway robbery!

Please docket the attached in the case number above.
