Notes: PUCO was created to protect the consumer. We struggle everyday trying to keep our jobs and with feeding our children putting a roof over our heads. We fight to keep our heads above water to have the bare necessities. The unemployment rate in our state if through the roof. The solution to these problems. It's simple give us YET ANOTHER black eye. We want to THANK PUCO. Thank all of you who may have lined your pockets at the expense of all of us who won't eat tonight because we need to keep our lights on. PUCO should be protecting us. Instead they APPROVE a 30% rate hike among one of the worse recessions in our nations history. We try to conserve and are penalized because the big boys aren't making as many of billion of dollars as they've dream of. Can't anyone give us a break. Everyone wants more and we haven't gotten a pay raise in 5 years not. Every single one of you should be ashamed everytime you look in the mirror. I know I'll think of you all everynight our kids get to go without.
