Docketing Case No.: 10-0176-EL-ATA

Notes: When we built our home, Ohio Edison offered us a discount to build an all electric home. I can't understand how they can just take away the discount! My bill has gone up by approximately 80.00 per month. How is the electric company allowed to go back on their contract with us? I am sure this was approved by the PUC, but why??? In these times when my health insurance increased by 110/month, the electric company has decided to slam us too! I would appreciate a response.
