Docketing Case No.: 10-0176-EL-ATA

Notes: Due to the interest rate changes and discount drops for all-electric houses our bill has gone from a high of \$230.00 last year to over \$600.00 for a month this year! As jobs are being lost and finances are getting tighter and tighter it makes heating and paying your bills EXTREMELY difficult-and some months almost impossible-and is ridiculous that people were encouraged to go all-electric and are now no further ahead, possibly more behind, than if we were to stay with gas!

Please docket the attached in the case number above.
