Docketing Case No.: 10-0176-EL-ATA

Notes: I want to be included in the recent PUCO ruling reinstating reduced electric rates to all electric customers. I have been left out due to the fact that I have built an all electric home with geothermal heating and cooling and water heating in 2008 and moved in, in 2009. While I had researched this topic I was lead to believe that something was going to be done to get those of us who came after the ruling to stop the discount some sort of relief and possibly grandfathered in for lower winter heating rates. It is based upon those issues that I went with my decision. Please file this the docket for case N.O. 10-176-EL-ATA. Thank you and I look forward to hearing from someone within the commsission. Best regards,  
Michael T Tarasco
