Docketing Case No.: 10-0176-EL-ATA

Notes: Senator Jason Wilson represents the 30th Senate District encompassing Columbiana, Okay we need you now! Ohio Edison made promises, inducements that led me to choose all electricity. I relied on those promises! I had both electric and Gas, BUT bought a new furnace, & turned my home into all Electric! My bills have doubled! I pay for electric each month as much as I pay for my house payment! \$700.00. I want paid back and I want what was promised to me! I can not afford to live in my home anymore due to Ohio Edison! It was a contract -- a volume discount. You build for all electric, use all electric reduced rate for life of the house. You can't break the contract just because you want to. The slower reduction of the discount is also wrong. It still breaks the contract. We won't be able to sell our homes when the discount runs out, unless we go to the expense of converting back to gas.

Are you going to represent us; as Senator Attorney Tim Grendell is his District?

Please docket the attached in the case number above.
