PUCO

Docketing Case No.: 10-0176-EL-ATA

Notes: do not have an all electric home. I have not had any special consideration in the rates that the Illuminating charges. I appeal to you to consider all Illuminating customers in your case against the Illuminating company pertaining to the excessive rate increase incurred by all customers, whether they have an all electric home or not.. this is because i have experienced a increase in my electric bill of over 50% . In December 2008 my per unit cost of electricity was .08 cents per kwh. In December,2009 my per unit cost of electricity was.1225 per kwh. A 50%+ increase. Can you explain to me how this happened? Did the PUCO grant the electricity company this increase? I consider this increase excessive.

Please docket the attached in the case number above.
