Docketing Case No.: 10-0176-EL-ATA

Notes: As an all electric homeowner and retiree, I am opposed to the new application filed on Feb. 12, 2010 by the Illuminating Co. to restructure the all electric residential rate again. My rate should be returned to the all electric residential rate that was promised when we bought our home more than 30 years ago. To phase in another rate over a specific number of years doesn't mitigate the huge impact that doubling my bill has had on my ability to keep paying such enormous bills. We live in an area where electricity is the only option for power. I performed an energy audit as suggested and was actually a low user except for heating. Cannot do without that in Northeast Ohio winters. I strongly urge the PUCO to deny this new filing.
