DITO PRIES

Notes: What in the world are you allowing these people to do to the residents of Ohio? we are being torn apart by this rediculouse price increase and you just ok it? now they want to charge us for thier bulbs we never asked for? this is a bad dream someone wake me up.. noone with an ounce of humanity would allow people to have thier electreic bills doubled in this economy.. so everyone who fell for the "all electric home" scam is now out of luck? you guys really need to check your priorities your there to protect us and keep things fair. this is truly beyond the realm of understanding.
