PUCO

Docketing Case No.: 10-0176-EL-ATA

Notes: I was charged over \$100 on a \$187 bill for the "Bypassable Generation and Transmission Related Component" charge that could be avoided if I was with a Certified Retail Electric Service provider....you mean to tell me that Ohio Edison is not a Certified Retail Electric Service provider? If not, then could you provide me with the companies that are Certified? I looked on the website, but there is nothing that truly defines what is...Thanks for your help.
