Docketing Case No.: 10-0176-EL-ATA

Notes: All electric homeowner with demand meter and time of day as well. Have electric bills that have tripled in the last three months. My understanding is that all electric rate will be restored, effective date unknow. At this time I have the understanding that people with load management may not be part of the restored rate. I find this to be extremely unfair and demand that my rate be restored as well

Please docket the attached in the case number above.
